Warning

Okay so like this is my first book ever, and after awhile I read over it and realized how shitty and unorganized it was. I was gonna delete it but I was just like *shrugs* whatever. So anytime I make a shitty story, I can go back and look at this one and realize how good it is compared to this one.

I know, authors should be proud of their work but this... I am very ashamed of.

So yeah, read at your own risk cuz ya know.... YOLO

Read at your own risk 😂😂 (I was literally like 11).

The New Guys in town

~Chapter 1~

Shelby hit the breaks and the car stopped immediately making me lean forward. "What the hell Shelby?" I yelled.

"What the hell, Bee?" Mariah shrieked. She smiled apologetically at us."Now my boobs hurt." Mariah whined.

"Guys can you shut up and look!" Shelby pointed out the window to the now un-abandoned neighborhood. There were at least 100 moving trucks in the neighborhood.

"I think someone bought the entire neighborhood." Mariah gasped.

"The gates are open!" Shelby squealed and drove in.

"Shelby, what are you doing?" I shouted.

"I just wanna check it out." Shelby said. Mariah agreed and I groaned.

"Look! 6 'o clock" Mariah whispered. I saw 3 guys carrying a bunch of stuff shirtless. One seemed to be the leader. He had dark hair and oceanic blue eyes. His vibe screamed player.

"Come on." Shelby pulled me out of the car and Mariah was fixing her shirt to make her boobs show.

"Bumblebee please, I don't wanna go." I whined making her roll her eyes. A girl with a skimpy skirt up to blue eyes the leader and started kissing him. He looked a little annoyed and when she kissed him, something bubbled in my stomach. It seemed like jealousy and anger but I managed to surpress it.

Shelby walked us to them and they looked up at us. Blue eyes the leader was staring at me like a creep. "Hi, I'm Shelby and this is Mariah, and Cat." Shelby winked at one of the boys with green eyes and blonde hair.

"I'm Chester and this is Rick, and Jason." Green eyes said.

"Oh, I'm Tiffany." The girl that kissed blue eyes-wait, his name is Jason- said.

"Nice to meet you. So you guys are moving into the neighborhood? The *entire* neighborhood?" Mariah asked.

"Yup, we have alot of pack mem- I mean people- I mean family." Rick said. I could feel blue eyes looking at me but decided to ignore it.

"I'm gonna go walk home." I suggested.

"Okay, I hope to see you later Cat" Jason winked at me making me blush a little. I turned around and started to walk towards the gate. I started to walk faster once I got out of the neighborhoods and ran home.

******

I opened the door and was tackled by my little sister and brother. "Cat! "They squealed.

"Yeah?"

"Look what we did!" Autumn pulled me to the living room.

"Look!" William pointed to a crayon picture of a stick with blonde hair?

"It's you, Cat!" Autumn said.

"Oh, wow, that's..... different. Different amazing!" I lied pretending to be excited.

"Yay!" They ran away leaving me looking at the creepy picture.

"Mom!" I yelled. I ran into her room where she was curling her hair and in a nice dress. "Hey, mom, did you see the people moving into the neighborhood a couple blocks down?" I asked.

"Of course I did. Do you remember Paulina? She was my old high school friend. She bought it with her husband. We were invited to a dinner tonight with her family." She said excitedly.

"Well, that's-uh, great." I said.

"Take my credit card and shop for a dress! Make sure it's nice and not too *expensive.*" My mom put emohasis on her words so I knew not to buy a million dollar dress.

The doorbell went off and I ran downstairs. Shelby and Mariah were there. "Can you give me a lift to the mall? I need to shop for a dress. There's this dinner thing and I have to go so... yea." I told them. That was all they had to hear to throw me in the car and speed off.

****

The dress I'd bought was black at the top and strapless. It had a bow around the waist and black lace at the bottom that flowed mid thigh with cream coloured silk behind it. I bought cream heels to match it. When I got home, my mom was in her tight button up shirt and pencil skirt for work. "Girls, can you take care of Autumn and Will?" My mom asked us.

"Sure." We said in unison. She grabbed her stuff and exited the house.

"Shelby! Mariah!" Autumn and Will yelled hugging them.

"Hey kiddos!" they laughed.

"Cat, can we watch Spongebob? Pretty please?" Autumn asked.

"Sure." I turned on the TV and switched it to Nickelodeon.

Autumn and Will sat on the couch and I went into the kitchen with Mariah and Shelby following. "So?" I asked.

"So what?" Mariah.

"What did you guys do with the people we met?" I asked.

"Oh. That. Well, they are enrolled in our school and I think Jason likes you." Shelby informed.

"But Rick is hot! They were freaking shirtless!" Mariah squealed. I pretended to gag making Shelby giggle.

"Shut up! They have the body of a god!" Shelby said. I stuck out my tongue sand she rolled her eyes.

"Come on. Jason was sexy." Shelby nudged me with her elbow.

"First, it's because I don't like him. Second, he has a girlfriend. Third, having a boyfriend invades my space." I explained.

"There you go again! You are a space freak! You always care about your 'face space'and freak out when you don't get space. And you could still not like him but think he's hot." Mariah whined.

"Come on. My space addiction isn't that bad." I exclaimed.

"Oh really? You punched Josh when he locked you in a closet! You broke the door and went crazy!" Shelby yelled.

"Whatever." Was my amazing reply.

****

"You look hot." Shelby said patting my head.

"That dress shows your amazing legs." Mariah squealed. I rolled my eyes and went downstairs. Mariah had curled my blonde hair and put on mascara and eyeliner to make my 'big blue eyes pop' as she says. I also put on cherry lipstick and a little eyeshadow.

Autumn had a black spaghetti strap dress that fell at her ankles and cute little sandals. My brother had a button up shirt with jeans and his tennis shoes. My mom had a cream dress that flowed below her knees and her favorite stilletos."Let's go, kids." My mom picked up William and I picked up Autumn.

The drive was pretty short considering they don't live far from us. "Cat, you look pretty! I wanna have long hair like you when I grow up and blue eyes." She said. I have my father's blue eyes and Will and Autumn have my mom's grey eyes.

I have blonde hair somehow because both of my parents have brown hair. "You're beautiful just the way you are." I gave her a reassuring grin and she giggled.

"You have a thing when you smile." She pointed out.

I chuckled, "Those are dimples, Autumn." I said.

She giggled and my mom stopped the car. "We're here!"

I got out and held Autumns hand. "Cat, the house is huge!" Autumn gasped in amazement. I chuckled and led her to the door. My mom knocked and a woman opened the door with a big, bright

smile.

"April!" She hugged my mom.

"Oh, is this Catherine? You grew so much." She exclaimed hugging me. "You're so beautiful." She gasped.

"Thank you" I told her.

"Pauli! Call me Pauli." She said. "Jason!" She yelled. Oh no. Jason? Blue eyes? Creepy person that stares at me?

His hair was messy in a sexy way and he looked so... mysterious. He looked shocked when he saw me but his eyes turned gold. "Jason meet April. This is who I was talking about. Catherine, her daughter, and her twins Autumn and William." Pauli introduced. I could already tell this would be a long night.

Ignoring Jason

~Chapter 2~

"Cat! Shelby's here!" My mom yelled. I took one last look in the mirror. Jean shorts, off shoulder cheetah print crop top and cheetah print flats. I let my hair flow down to my waist and went downstairs. Yesterday was very awkward. Jason's eyes always turned gold when he looked at me, and he was always peeking glances at me and trying to be as close as possible to me even though Tiffany was giving me death glares for stealing his attention.

I opened the door and sat shotgun."How was last night?" Shelby asked.

"Well, Jason was staring at me creepily and his girlfriend was giving me glares." I stated.

"Hm, well you're going to be seeing more of him at school." Mariah laughed making me groan.

*****

Shelby and Mariah ditched me when we got to school to look for Rick and Chester because they supposedly like them. I walked down the hall humming and minding my own buisness when someone pulled me by my waist into a empty classroom. Sparks exploded in my body by the touch. I was backed up against a wall. I looked up and saw, "Jason?" He crashed his lips on mine but I didn't want to pull away. The tingles were intense and I kissed him back.

After awhile he licked my bottom lip for entrance and I opened my mouth for his tongue. The kiss was enchanting and I wanted more. He wrapped my legs around his waist and I tangled my fingers in his hair. He pulled back and trailed kisses along my jaw and to my neck. He hit a soft spot making me moan and he kissed there and moved back to my lips and we started to kiss again. I started to sway my hips and move against him making him moan.

Mental alarms went off in my head saying someone was invading my space for too long. I let out a shocked squeak and pushed his chest. He must have gotten the wrong idea because he actually came closer. I couldn't push him away so I kneed him in the balls and ran away. "I'm so sorry!" I gasped and ran out of the classroom. Why did I do that? I just kissed him like it was normal. The tingly sensation subsided as I kept running down the hall to first period.

*****

Lunch came by in a blur and I had succesfully avoided Jason. Turns out he's in all of my classes. Amazing, right? I sat down at the usual table but Mariah and Shelby weren't there yet.

"Cat!" I heard a voice yell. I turned and saw Shelby with Chester by her side. She sat down in his lap and Mariah sat in Ricks lap.

"What the hell?" I exclaimed.

"Yeah well..... surprise?" Shelby said it more like a question.

"Everyone else is coming as well so you won't have to feel left out." Mariah said but that didn't stop the frown on my face. The rest of the guys sat down with their own girls. Jason was the only one surprisingly without a girl.

"Jase!" A girly voice yelled. Soon, Tiffany sat on his lap, gave me a evil smirk, and kissed him.

"I'm finished." I shot up with my tray. "Oh, and I'm going to walk home today so.... have fun."

I threw my stuff away leaving Shelby and Mariah with guilty looks.

*****

The rest of the day went by fast and I was thankful for that. I walked down the familiar street and kicked a bunch of rocks along the way. I couldn't help but feel watched. I spotted grey eyes in the woods but they disappeared as soon as I blinked. I gulped nervously and picked up my pace. I still felt like I was being watched and saw the grey eyes in my peripheral vision. I walked a tad bit faster until I reached my street.

I walked to the front door and saw Mariah and Shelby. They looked guilty, sad, and relieved. "What up? " I said walking over and sitting between them.

"Look, Cat, I'm- we're- sorry about today. It's just we weren't thinking when we decided to invite them over..." Shelby said.

"It's fine." I lied.

"I know you're lying which is exactly why we are starting up girls night. Every Wednesday we have a whole day just us three and Saturday." Mariah squealed.

"You can hang out with your boyfriends or whatever you consider yourselves. I'll just get fat on junk food while reading Wattpad and watching Netflix." I explained.

"Okay calm down, jeez, we don't want you to be lonely for life. Without you, nothing would feel right. You're the middle sister, remember?" Shelby said.

"Okay, fine. Thanks for doing this for me, girls." I hugged them and they hugged back.

"Anything for you, Cat."

Marco? Polo!

~Chapter 3~

I managed to avoid Jason the other day. A couple days passed and soon enough, it was Wednesday and Girls day. I put on my skinny jeans and favorite crop top. I let my hair flow down like usual and walked out the door. Bee and Riah were in the car already and waiting for me. I got in and Mariah greeted me with a hi and her relationship information. Shelby did the same. They seemed to be really close after 2 days. I mean, if that wasn't suspicious, I didn't know what was.

When Bee pulled up at the school, we got out and walked side by side with Shelby and my left and Mariah on my right. "Hey." Rick and Chester came by with huge smiles on their faces.

"Sorry, but you can't get any off this today." Shelby said motioning to her body.

"Yup. Same here." Mariah added.

"Why not?" They both frowned.

"Today is girls day, and is strictly for us girls." Mariah said.

"That's not fair." Chester grumbled under his breath. I rolled my eyes and continued to walk into the school while Shelby and Mariah started telling them how loyal they were and not keeping me out and yadda yadda yadda.

"Cat." A deep voice whispered in my ear making me almost shiver. Tingles wrapped around my waist as he snaked them around me. "Why were you ignoring me?" He asked.

"Because you kissed me!" I snapped.

"You kissed back, and you seemed to be enjoying it." He smirked at me.

"Well you shouldn't be anywhere near me." I told him.

"Why not? You're mine, Catherine, and no one else's" He growled. This guy is full of surprises. He just growled, that was inhuman.

"I'm not yours. You have Tiffany sojust leave me alone. I don't know why you want me so bad but back of buster because you aren't getting in my pants" I told him.

His eyes turned darker, "Do not speak to me like that. You're mine and you will only be mine. No guy should look, think or even touch you except for me." He said.

"I hate you, Jason Kingston!" I yelled slapping him across the face and storming off.

*****

"What's wrong, Cat? You've been in a pissy mood all day." Mariah stated.

"Nothing, okay?" I snapped.

"Cat, we've known you since you were born. We can tell when something's up. You know you won't be hiding it for long because you tell us everything." Shelby stated.

"It's just... Jason. He's a mysterious guy and he.... he told me I'm 'his' and keeps..... I don't know. He keeps acting like he likes me then runs off with Tiffany! I hate when people play me and I hate Jason!" I ended up yelling at the end.

"Cat jeez calm down." Mariah said. I nodded and sighed. "Sorry for reacting like that" I apologized. "No problem Cat. Just enjoy the rest of the day" Shelby said. I agreed and smiled genuinely. No more Jason....I hope

*****

Finally Saturday came around and I was still Jason free! Jason had been trying to get near me, but Shelby and Mariah came to the rescue every time. Tiffany was a total bitch to me and I did nothing to her. Except, maybe kiss her boyfriend but he kissed me first! Shelby, Mariah and I decided to go to the pool. I put on my bikini and wrapped a towel around my body. Chester and Rick wanted to join so we were going to their neighborhood. I hoped Jason and Tiffany werent going to be there.

When we got there, Chester was already outside and giving death glares to the guys that looked at Shelby. Rick came out and they greeted eachother. I went inside and towards the pool. Rick gave me directions because I couldn't stand seeing them all lovey dovey in front of me.

I opened the door and was met by a huge pool I unwrapped my towel and put my feet in the deep end. "Hey. Why are you here?" Jason asked. I looked up and saw him..... shirtless. Oh god.

He had a 8 pack that was so tempting to kiss. I shook my head and spoke, "Ummmm... going... pool... with... Mariah and... Shel..... by." I was still in a trance by his abs. He notice and smirked. But I did notice him checking me out and his eyes turned gold. I stood up but before I could turn around, someone pushed me into the pool and I swam up. "What the hell! " I yelled.

Tiffany had a frown on her face, "Oops." She smirked at me and I glared. Bitch.

I got out of the pool and sat on one of the chairs. "Gosh, Cat, are you okay? " Tiffany asked in a fake tone.

"I'm fine." I snapped making her smirk. Jason was watching awkwardly. A guy with a 6 pack came out and Tiffany squealed.

"Derrek! How nice of you to be here!" Tiffany said. He walked over and gave Tiffany a confused look. What is she up to?

"Hey Tiff." He said.

"Oh, Cat, meet Derrek. Derrek this is Cat." She explained. He smiled at me but I was still staring at his chest. Does everyone in this house have nice bodies. A loud growl was heard in the air. Jason's eyes were pitch black and I could see claw type things at the tips of his finger.

"Mine." He growled at Derrek. I swear this guy wasn't human sometimes.

Tiffany looked shocked at first then her gaze flickered from me to Jason then she smiled, "Perfect." She exited out the door and Derrek ran away too.

"What the hell?" Mariah said as she came out.

"Cat, mm what's up?" Shelby asked looking at me then Jason.

"Ah, any trouble?" Mariah asked.

"No..." I lied biting my bottom lip. They gave me a knowing look. I bit my lip whenever I was nervous, embarrassed, or lie.

"Whatever. Let's go." Shelby squealed.

"Ready? " Mariah asked. We held hands and jumped in at the same time.

"Let's play Marco Polo! " Shelby laughed once we surfaced.

"You be polo!" Mariah said pointing at me. I nodded and the guys joined in as well. Even Jason.

When I finished counting I yelled. "Marco!"

They all yelled Polo and I followed the voice closest to me.

"Marco!" I yelled.

"Polo!" They yelled. The voice I was swimming at got closer and closer until I bumped into something warm. I started feeling with my hands. It felt like.... abs? I brought my hand higher and higher until I met something soft.

"Marco?" I asked.

A deep voice whispered in my ear, "Polo" I opened my eyes and saw my hands were on Jason's lips and he was smirking. Holy fucking brownies and pie. I let out a weird scream and stumbled back.

"Cat?" Shelby asked.

"You opened your eyes!" Mariah whined.

"Sorry." I mumbled. "I don't want to play anymore." I added and they nodded in agreement.

"Let's watch a movie." Rick suggested.

"We need clothes." Shelby said in an 'are you dumb?' tone.

"We have a bunch. Go upstairs to the second floor and pick any room." Rick said. We nodded and went inside.

*****

I ended up putting on pajamas after my shower because we were going to stay the night because Mariah begged me. I went downstairs and saw them looking through the movies. "Chester's getting the popcorn." Shelby announced.

"We are watching..... Devil's Due" Mariah forced a spooky tone. I nodded and sat on the couch. Jason decided to sit by me when the movie started. This'll be fun. Not.

Telling the Secret

~Chapter 4~

I woke up against a warmness. I moved in closer and felt something wrap around my waist. I sighed in content as the tingles spread throughout my body. I snuggled into the warmness making a loud groan come out of someone. "Morning, Kitten." A deep, husky voice spoke. It was probably Mariah or Shelby. But since when do they call me Kitten?

"Morning." I said into the warmness but it sounded more like, "mormimg." I tensed when I realized it was a deep and husky voice that spoke. I looked up and saw none other Jason.

I screamed and jumped out of his grip, making me almost fall face first on the floor if it weren't for his large arms grabbing me. "What the heck, Kitten?" He said.

"Kitten? Why are you calling me that?" I asked ignoring his question.

"Cat doesn't fit you right. Kitten is more like it for your small figure." He winked at me making my insides melt.

"Don't call me that." I grumbled.

He chuckled, "No way, Kitten." I rolled my eyes and went into the bathroom. I used the spare toothbrushes they had in the guest room.

When I finished cleaning up, I decided to cook breakfast for myself, Shelby, and I. I went into the kitchen and took out the pancake batter, chocolate chips, eggs, cheese, bacon and bread.

*****

I finished cooking and sat down to eat. Mariah and Shelby came in with Rick and Chester and they made their own plate. "What's cookin'?" A guy asked coming down the stairs. He saw the food, "Who cooked? " He asked.

"I did." I stated and he turned to me and his eyes flickered gold. I still had the pajama shorts and tank top on.

He walked my way and sat down right next to me. I started coughing awkwardly to get Shelby and Mariah's attention but they were to engrossed in their boyfriends.

"I haven't seen you around what's your name?" He asked. I opened my mouth but before I could make a sound a growl ripped

the air.

"Get lost." Jason said to the guy and he ran away.

*****

"Wait, so most of the people don't belong in your family?" I asked. "It's a long story." He grumbled, fixing himself a plate and sitting by me. He was lucky I decided to cook extra just for the 3 of them. "This is good, Kitten." He said.

"Thanks." I mumbled under my breath.

"Good Morning, baby!" That annoying voice spoke. Tiffany sat on his lap and that feeling in my chest came. She kissed him then glared at me, but it turned into a fake smile when Jason looked her way.

I looked at Shelby and Mariah and gave them a pleading look. Shelby caught on and spoke,"So uh, Cat do you want to watch tv?" She asked.

"Sure!" I got up, washed my plate and put it up. I fast walked out of the kitchen and turned on the TV. "Thank you." I told Shelby.

"No problem." Shelby said. A woman with light red hair and dazzling green eyes walked in.

"Hello ladies, how are you today?" She asked.

"Were fine." We said in unison.

"Wonderful! Oh, how rude of me. I'm Rebecca Wilson." She said.

"I'm Cat and this is Shelby."

"What nice names! I haven't seen you around here before."

"We aren't going to be here for long. Do you know the Kingston's?" Shelby questioned.

"Ah, yes. I've known Mr. Kingston for as long as I can remember. We met when we were 10." She said.

"That's nice. Are you looking for someone?" I asked.

"Oh, yes thank you for reminding me. I'm here for my daughter, Tiffany." She said.

"Oh, she's in the-" Shelby was cut off.

"Hello, Mother." Tiffany waltzed into the room with a smile on her face.

"Tiffany, your father said you ran off this morning. May I ask where have you been?" She asked.

"Forgive me, mother. I ran off to Jason." Tiffany said but a slight accent was added to it.

"Carry on. But remember to meet your father in half an hour." Her mom said.

"Yes, mother." Tiffany said and her mom left.

"What," I started

"The," Shelby said after me

"Fuck?" We said in unison

"You better not speak a word of this." Tiffany hissed. She left back to the kitchen leaving Shelby and I dumbstruck. So underneath that bitchy Tiffany is a momma's girl. Wow. I learn something new everyday.

*****

I already texted my mom that I would be staying tonight since the twins went to their friends house and my mom had a job. She said it was fine and they could drive me to school. We made a quick trip to our house for clothes then went back.

There was a loud boom that made me fall off the couch. "Was that th-thunder? " I stuttered.

"Yup." Shelby smirked. Mariah giggled at me.

"Huh? What's wrong with thunder?" Rick asked.

"Cat is afraid of thunder." Mariah giggled.

"Well, hopefully this makes you feel better." Chester said. He and Rick started singing:

"When you hear the sound of thunder, don't you get too scared

Grab your thunder buddy and sing these magic words

F*ck you thunder, You can suck my d*ck!

You can't touch me thunder cause your just God's fart!"

We were cracking up laughing and rolling on the floor like idiots. "What's so funny? " A deep voice asked. I sat up and saw Jason.

"Nothing." I giggled.

"Then why were you laughing?" He asked with a smirk.

"No reason." I replied. He raised an eyebrow but left. "I'm thristy from laughing." I whined and went into the kitchen. I grabbed a water bottle and started drinking it.

I went back to the living room and sat on the couch. "We'll get some snacks." Chester said. I nodded and he left with Rick. Someone sat by me and I felt a pull to that person. Jason. I scowled and scooted on the opposite side of the couch.

Mariah saw me and got up, "Scoot." She ordered. I frowned at her. She's supposed to be helping me stay away from him.

"No." I stated. She rolled her eyes.

"Cat, move your ass over or I will show the picture to Chester and Rick." She threatened.

"You said you deleted it!" I gasped wide eyed.

She shrugged, "I had extra."

I frowned and scooted over. "Stupid tingles." I said a little too loud for my liking.

"What tingles?" Mariah asked quickly.

"Nothing." I lied.

She frowned, "Cat, you're biting your lip." She pointed out. I didn't even notice.

"When I touch Jason." I whispered awkwardly in her ear and tried to cover it with a weird cough that sounded like a cough and sneeze combine.

"You get the tingles too?" She asked more to her self and I nodded awkwardly. She stood, "Shelby, I think I hear Chester calling us." Before Shelby could protest she pulled her out of the room. I didn't have much time to think about the whole thing because Jason spoke.

*****Shelby's POV*****

"Okay, we need to talk." Mariah stopped.

"About what?" I asked.

"I feel the tingles, too... like Cat said. When I touch Rick." She admitted.

Then realization hit me, "I do too." I whispered.

"We should ask them about it. Wait... Shelby.. Do you think,maybe they're werewolves? On wattpad all the signs! The tingles, if he touches another girl I want to rip her throat out..." Mariah said.

"Wattpad is just a girl's fantasy. Come on, Riah. Werewolves aren't real!" I told her.

"Then I'll prove it!" She grabbed my arm and walked to the kitchen.

"Rick..... Chester, We know you're werewolves." She informed.

They shot up from their seats, "How?" They asked in unison.

"So you are werewolves?" I asked.

"Well, I mean...Um...yeah." They admitted.

"No way! Are we mates?" Mariah squealed.

"How do you know about this?" He asked.

"Wattpad has it all. I used to think it was a fantasy but now that it's real... This is so cool. Wait. Do you guys have a rank?" Mariah questioned.

"Jason is the soon-to-be alpha, Chester is the future beta and I'm the future Delta." Rick elaborated.

"So is Cat.... Jason's mate? She said she feels tingles when she touches Jason." I said.

"Yeah, but can you help Jason out? Cat is fighting the bond." Chester rubbed the back of his neck.

"Cat is hard to get." Mariah grumbled.

"More like impossible to get." I mumbled under my breath but I was pretty sure they heard.

"Since you guys are her best friends can you help Jason out?" Rick asked. I looked at Mariah and I could see the approval with her nod.

"Okay. We'll do it."

*****Cat's POV*****

"Kitten, why are you..... Why are you fighting me?" Jason asked.

"Fighting you?" I questioned.

"Kitten, you know I like you but you won't give me a chance." He said.

"No, this is just some game for you. It's a game for everyone. All you want is sex and if you wanted me then you would have dumped Tiffany. You're so.... You're so.... confusing!" I groaned frusrtratedly.

"Kitten, I did break up with Tiffany." He said in a softer tone. I stared at my lap. "You have no idea how much you mean to me, Kitten." He brought my chin up so we were eye to eye. "The moment I saw you, it was like nothing mattered to me except you. I couldn't get you off my mind for days end and everytime you push me away it breaks me little by little. You never even gave me a chance, Kitten. I promise this is not about sex. I wouldn't ever dream of hurting you like that. I love you. I'm in love with you and only you." He spoke honestly and his eyes showed all of his feelings. Love. How the hell could he love me in a span of 5 days. It made no sense!

"Kitten, don't cry." He said softly, wiping a tear away. I didn't even realize I was crying at all and tears flew freely from my eyes. He wrapped his arms around me. "Shhhhh, Kitten it's okay. I got you and everything is okay." He whispered softly. I had never felt so safe in my life and I wanted to stay like that. With him. Forever.

Annoying Bitches

~Chapter 5~

I decided to give Jason a chance but not as I love him but as an I'll be nicer to you kind of way. Like making a friend but very slowly. I put both of my hands against his chest and moaned in pleasure at the sparks. I hope that moan wasn't loud. I rubbed softly against his chest making him groan. "What are you doing, Kitten?" He asked.

"So soft." I moaned rubbing his chest. I felt extra bubbly this morning, not like myself.

I sat up slowly and faced a grinning Shelby and Mariah, "Ohhhh" Shelby said and Mariah waggled her eyebrows.

"Shut up." I groaned getting up and walking into the bathroom when I realised something. 1 being school and 2 being my mom is probably worried sick about me. I screamed at the mirror realising one thing. I'm. Dead.

Jason instantly ran in shirtless, "what's wrong?" He asked. I ignored him and pushed passed him. I turned on my phone and saw I had 98 texts from my mom and 51 calls.

My phone went off and I jumped in shock. I answered, "Hello?"

"Catherine Daniels why did you ignore my calls?"

"Mom, I'm so sorry. My phone was off!" I told her.

"It's fine. I was out late anyways. Can you come home?" She asked surprisingly calm.

"Okay, I will! Love you, bye"

"Bye." the line went dead.

"Cat what did she say?" Shelby asked. "To come home. But she didn't sound mad." I explained. They nodded and helped me pack my stuff. I went outside the house and into Jason's car. He offered to drive me in which I accepted. He started the car.

*****

I opened the door and got out. "Call me if you need anything." He shouted. I nodded and used my keys to open the door.

"Cat!" I felt my sister and brother hug my legs and my mom with her arms crossed and a raised eyebrow.

"Were you with Jason?" She asked.

"Yeah, I accidently missed school." I hung my head and stared at

my shoes like it was the most interesting thing in the world.

"No it's fine. You were with Jason but you still get your stuff taken away from missing school." She said. I nodded and went up to my room. It looked like I was robbed.

Everything was gone. My mini fridge, TV, Xbox one, laptop, and basically anything fun. "Phone." My mom held out her hand, standing in the doorway. I frowned and gave it to her. She closed the door and I jumped onto my bed face first and wallowed in misery.

*****

After my shower I decided to put on my high waist skinnys and favorite We're young and free shirt. I quickly put my hair in a high ponytail and grabbed my backpack. "Have a nice day." My mom tossed me the apple and I caught it in time.

"Bye." I said then left. It had been exactly a week since I was grounded but my mom being the sweet person she is couldn't stand being mad at me for more than a day.

I walked eating my apple as fast as possible. The whole week I felt like I was being watched, sure enough every time I look, I see grey eyes. It was actually really disturbing so I tried to think rationally.

When the familiar building came into view, I threw my apple core into the nearest trashcan and went inside. I also met my old friend Cole, he moved back to our school and Jason hates him. "Cathy." He picked me up by my waist making me giggle and he twirled me around.

"Cole! Put me down this instant." I demanded.

He chuckled, "Whatever you say princess." He set me on my feet and took my glasses off. "You got new ones? " He asked. I glared at him. He ran away yelling, Catch me if you can!"

"Cole! Get back here!!"

I started running after him and caught up. I jumped on his back making him tumble forward. I took my glasses and put them back on. "Cole! Cat!" Familiar voice yelled. Next thing I know, I was crushed by a huge weight and everyone tumbled down. I felt someone wrap their arm around my waist and turn around which broke the fall because he landed on the ground and I was on top of him.

I blushed at our position and tried to get up but he held me down. "Um-you can let go." I said awkwardly. He chuckled and I got up when he let go. Well, that was awkward. I bumped into something hard behind me and jumped in shock. I turned to face the one and only Jason. He was glaring at Cole and his eyes bled into black and he was shaking in anger. I could actually feel the

anger and it made me flinch slightly.

"Mine" He growled loudly. My eyes widened at his tone. It almost made me shit myself.

One thing I realized during the week is that he calms down when I touch him. I know, weird right but I don't judge. "Jay calm down." I said placing my hand on his arm lightly. The tingles weren't tingles anymore. I felt the strongest pull to him ever and it scared the living daylights out of me. They were lightning bolts and I jumped back in shock, looking at my hand like it was infected.

Jason must have noticed because he looked at his arm and then me. "Shit." He mumbled. I was still staring at my hand awkwardly when the bell rang. I wasted no time in going to class.

****

"Stop!" I hit Coles hand but he already had my fry. I also realized how to win over Chester and Rick. They pretty much do anything me if I cry. "Meanie" I pouted crossing my arms.

"Cathy! " Cole whined.

I ignored him and tapped Mariah's shoulder, "He stole my food." I whined making her laugh. I turned back to my plate seeing Chester take my fry. "I'm telling Jason." I said, tears welling up in my eyes.

"No no no, I'm sorry." He said quickly. "Don't cry" He begged making me smirk and I started laughing.

Jason sat by me and I could feel the electric shocks in the air, engulfing me. I gulped and scooted farther away.

"Cathhyyy." A voice chirped. I glared at Cole and stuck my tongue out. "That's not very nice." He crossed his arms. I rolled my eyes and leaned my head on Jason's feeling my head swish around. He was shocked for a second but relaxed. I heard giggling and turned to see Tiffany and some other guy together. She smirked at me then winked. Not normal.

I turned around and shifted in my seat uncomfortably.

"You bitch!" I yelled at Tiffany. She 'accidently' pushed me to the ground.

"Oops." She smiled faking innocence.

"What the hell did I ever do to you?" I yelled at her.

"You stole my boyfriend!" She yelled.

"Boyfriend? You think I'm some type of god damn boyfriend stealer?!" I shrieked.

"Yes and you're so.... annoying and rude and let's not get to the fact that you killed your sister." She spoke with venom in her voice.

That's when I snapped.

All hell broke loose.

The Fight

~Chapter 6~

I tackled her to the ground and threw punches at her face. She tried to grab me but I overpowered her and continued to throw my punches. A crowd had gathered by now and everyone was yelling and shouting. Tiffany finally managed to push me off but I got back up. "Oh, so you want to play it that way, huh? " She threw a punch my way and hit my jaw making me spit out blood. I did a roundhouse kick and she stumbled back but tackled me and started to choke me. I was about to kick her in her vagina but I knew that wouldn't have the effect like it has on guys so I elbowed her boob.

She stumbled back cupping it, "My titty!" She said in a shrieked pitched voice.

"Someone get alpha!" I heard someone yelled. I kicked her again and she didn't move back but started punching me. Wounds opened and blood poured out. There was alot of blood but I refused to back down. I pulled her by her hair and she tried to get me to stop but I accidently ripped a big chunk out and kicked her and punched her until she was unconscious. Everyone gathered around her, ignoring me.

"Caaatherine." Someone said my name.

I looked around and saw her in the woods. "C-Catey? " I said walking to her. She giggled and ran into the woods. I looked around and when no one was looking, I followed her. "Cate?!" I followed her to a clearing. There was water. Alot of it. I heard Cate scream and ran to her voice. She was in the water: Drowning. "Cate!" I jumped into the water and tried to grab her but she was no longer there. I swam back up and saw her sitting Indian style with a white dress on. She had a glow around her. I sat by her. "Cate?" I choked out.

"Cat, look at your reflection in the water." She said. I did as told and saw nothing. My face no longer had cuts or bruises. It was clean.

"Cate... how did....no Cate. I can't do this... " I told her.

"Catherine it's okay. You need to." She said but I shook my head, "I-I can't" I told her. "Cat can you do one trick? For me?" She asked. I sighed and nodded. I brought my hands up and the water rose. I

twirled my finger and she giggled as the water twirled along. I made it into a ball and made it splash against a tree. "That was beautiful, Cat." She said.

"Thanks." I grinned.

"Cat, what are you doing?" She asked horrified.

"What?" I asked. I noticed I wasn't in the clearing anymore. I was at the pool and there was a smaller version of myself with Cate.

"Please Cat? One more time.." She begged.

"Fine" I told her. I made the water carry her and she started to rise. "Higher Cat! Higher!" She begged. I made it go a little higher and she giggled. "No! Stop!" I tried to stop my powers but they were out of control. She couldn't hear me. "Cate! " I yelled. Cate began to scream when she realized how high she was and moved around, but only to slip and fall to the ground, lifeless.

I jerked awake and saw myself in the clearing. I heard a noise behind me and turned around. 2 guys stood there. "Hello luna." He smirked evilly. "We need you to die but first maybe a little...fun." He pushed me against the tree and both of the guys started to touch me. What the hell?!

"What are you-?" I was cut off by him covering my mouth.

"Shhhhh, it's gonna be fine. Let us do the work." He started to bring my shirt up but he was knocked off. I fell to the ground and saw a huge brown Wolf.

The eyes were very familiar. Then it hit me. Grey eyes that watched me. It looked like a huge bear and it ripped out the first guys heart with its teeth and spit out on the ground. It ripped through the other guys head until his brain was in view making me cry. "Oh my god!" I gasped. He looked at me, took a couple steps towards me, looked at me straight in the eyes then retreated in the woods.

I couldn't take my eyes off of the scene in front of me. I ran away until I saw a familiar road and ran home. When I got to the familiar door I swung it open and threw up. "Cat! I was so worried..... fight..... run..... school." Everything was becoming blurry and their words echoed. I could see the faint out line of my mom, Mariah, Shelby, Chester,Cole, and Rick. Everyone was saying things I couldn't understand until I fell to the ground and got consumed by darkness.

My mom didn't bother to come into my room. It has been 3 days since I passed out. I can't eat without throwing up because the thought of the heart and his brain were clear and gross. I just stare at the wall all day, deep in thought.

"Cat?" A soft voice spoke. "Cat, it's us." Mariah said but I

continued to look at the wall.

"How did you heal so fast?" Shelby gasped.

I continued to stare at the wall and they sighed, "Cat please. I hate seeing you like this." Riah said. She sounded like she was crying.

"Cat what happened? Where did you go?" Shelby asked.

A tear slides down my cheeks and I finally looked at them. I opened my mouth but decided better and closed it. I just stared at them and I could see Mariah's puffy red eyes from crying and Shelby's black hair was a mess. I turned back to the wall and stared at it.

.

I heard my window open and close but ignored it. "Kitten." A deep voice said. "Kitten, are you okay?" Jason asked grabbing my chin and bringing it to his eyes. "Kitten please talk." He said sadly. I just stared at him and he wrapped his arms around me. I felt safe and wrapped my arms around him as well. "Kitten, let me help you." He whispered in my ear. He picked me up bridal style and brought me into my bathroom.

He took off my shirt and pants but left my under garments on. He turned on the shower and when it was warm enough, he set me in it and started to wipe me but didn't even glance at my bare chest. I was thankful for that and it made me happy.

He shampooed my hair and wrapped a towel around me. I took the bra and panties he gave me and put them on and dropped my towel. He dried my hair and put it in a ponytail. He also gave me his shirt to wear and put me in my bed. He was about to sleep on the floor but I grabbed his arm signaling him to stay and he got in beside me. "Kitten, what happened?" He asked.

"I... saw... Cate." I croaked out. He stroked my face.

"How did you heal so fast?" He asked.

"Water." I responded.

"Kitten what happened? " He asked again.

"I saw... Cate and followed her. I was in a dream and woke up. There were 2 men. They tried to.... " I trailed off.

"They tried to what, Kitten?" He asked.

"Rape." I whispered. His eyes turned darker.

"Did they do it?" He asked.

"I was saved... by someone.... he..... ripped his heart out and scratched his head and I could see... his brain." I spoke frightened.

"Kitten it's okay. I promise I won't let anything happen to you." He whispered, wrapping his arm around my waist. I felt so safe and right in his arms. I fell asleep without a nightmare of that fateful day.

~Chapter 7~

I opened my eyes to be met by a sleeping angel. He snored softly, he looked so cute and innocent in his sleep. "Jay, wake up" I poked his face making him groan and pulled me closer. I gasped at the electric shocks he created and made an annoyed 'huff'. "Jay wake up." I started poking his face repeatedly.

"10 more minutes" He mumbled.

I gave a sigh and spoke, "Fine, you made me do this." I put my hand up and concentrated. I tried to figure out what temperature I wanted the water and settled on 20 degrees. The ice cold water shot out of my hand and hit Jason. He fell of the bed and I peeked over, giggling. "Haha! You fell." I teased him, putting out my hand to help him up.

He pulled me down and wrapped his arms around me. "Then you're falling with me." He whispered in my ear making me shiver in delight. We were looking into eachothers eyes and I leaned closer to seal the deal. Just as our lips touched, the door opened and I jumped back. "Cat I heard a noise and-" She stopped talking when she saw me. Then Jason."Sorry to interupt. " She blushed. "Alpha," She bowed her head to Jason and left the room. I quickly rolled off of him. Was I going to kiss him? Why does he make me feel this way it's so..... infuriating yet such a turn on. Why did I decide to talk to him yesterday? All of these questions revolved around that one person: Jason.

"Oh, Dios mío tengo ni idea de lo que pasó. No va a suceder de nuevo. Lo siento mucho."

I spoke frantically while getting up making him chuckle, "As hot as you are when you speak Spanish, I have no clue what you're saying." He said.

"You think I'm hot?" I blurted out. My eyes widened at what I said and looked down at my feet blushing. He grabbed my chin and forced it up.

"I know you're hot." He said wrapping his arms around me and we were searching eachothers eyes. He pulled me a little closer while leaning down because of his tall height. I leaned in as well and our lips met.

He wasn't rough or anything it was sweet and slow. I wrapped my arms around his neck and he nibbled on my bottom lip and I opened my mouth, granting access. His tongue explored mine, taking in everything.The kiss started to deepen and I wrapped my legs around his waist making him moan when I grinded into him. He pulled away and started to place light kisses along my jaw.

He started to suck on a soft part of my neck I never knew I had, making me moan and tangle my fingers in his hair. He dropped us on the bed so that I was underneath him and he continued to kiss, lick, and suck on that same part of my neck making me moan his name. He went back up to my lips and pecked me.

We were interrupted by my stomach growling loudly making Jason chuckle and I jumped away and brought my knees up to my chest and wrapped my arms around them. "What is happening to me?" I asked out loud while putting my face into my knees.

"Kitten it's okay.When was the last time you ate?" He asked.

"3 days ago." I admitted.

"3 days?!" He asked a little pissed. "How can you be like that! You can't just starve yourself!" He yelled.

"I... I couldn't eat because I would only end up throwing up. I tried." I told him.

His eyes flashed with guilt and he sighed. "I'm sorry Kitten, I only care about your well being. Be right back." He unwrapped his arms around me and left my room.

He came back 5 minutes later and sat across from me on the bed with a tray containing a bowl of soup and a glass of water. He took the spoon when I didn't and dipped it in the soup. "Kitten you need to eat." He sighed putting the spoon by my mouth. I opened my mouth and let the warm liquid run down my throat. It stayed like that until the bowl was empty and he held out the glass of water out in front of me.

"Do it." Someone whispered in my ear. Soon voices were whispering for me to 'Do it' and I started to freak out.

"No!" I yelled and smacked the cup out of his hand. The water was about to spill on my phone but I gasped and held out my hand and it froze in midair. Jason froze staring at me then the water.

I moved the water and cupped it in my hand. "Kitten how are you-" He dropped mid sentence and watched as I put the water back in the cup and it went back to its original form instead of a ball. I drank the water and tried to ignore the subject.

"It's nothing." I said quickly making him frown.

"Kitten, that wasn't nothing." He pushed further into the subject making me squirm uncomfortably.

"What wasn't nothing?" I played dumb.

"Kitten, I know you're playing dumb. Please tell me what it was." He pushed even further.

"I don't want to talk about it okay? Just drop it." I snapped coldly.

He sighed and ran a hand through his hair. "I'm sorry Kitten. I didn't mean to push you." He said. I only nodded and sat back on my bed.

"Jay?" I said. He always found it sexy when I said his name but I wasn't going to judge because everytime he said my name.... or called me Kitten. Oh my gosh it's sex on his tongue.

"Yeah?" He asked.

"Why me? Out of all the prettier girls, normal girls you met. Like Tiffany. Why me?" I blurted.

"Kitten don't you ever say that again. I know you may be confused with your feelings with me but I love you, Kitten. Everything about you is unique and perfect. I love you." He said. I looked into his eyes and smiled. He grinned back and sat beside me. I don't even know what we are. Friends?

I groaned and jumped back on my bed. "I don't even know anymore!" I thought aloud.

"You don't know what?" Jason asked.

"What the hell we are? Friends? Friends don't kiss or sleep in the same bed wrapped around eachother and it's so.... so.... confusing! " I told him making weird gestures with my hands.

"Kitten, you don't realize it yet but we were made to be together." He said. I opened my mouth to respond but my ringtone for Cole came on.

"My milkshakes brings all da boys in the yard.

And they're like... it's better then yours.

Damn right, it's better than yours.

I could teach you, but I have to charge."

I picked it up. "Yes? " I asked.

"Hey Cathy I need to talk to you! It's urgent! Meet me at my house!" He said.

"Okay I'll be there asap." I hung up and looked at Jason. "I gotta go somewhere so can you leave?" I asked.

"Where?" He asked.

"Good!" I pushed him out the door and locked it. I ran to the shower and shampooed my hair again and used my watermelon scented body wash that Jason said smells like heaven but who am I to judge? That man smells like straight up old spice and sweet Jesus it is such a turn on. Pretty much everything about him is a turn on.

I quickly put on my short shorts and crop top and favorite sandals. I didn't bother putting on makeup and dried my hair. I got my phone and went downstairs where Jason was sitting with my

family. I groaned, annoyed. "Bye mom! Be back in about 2 hours!" I yelled.

"Okay sweetie, have fun." She yelled back. I was about to open the door when Jason blocked me.

"And where are you going?" He asked.

"The store." I lied smoothly. He nodded and I left.

"Cole!" I yelled. "Colton!" I yelled again after silence.

"Cathy! Thank Jesus you're here! Get in my car! I'll explain everything on the way." I followed him to his car and he drove like a maniac. He forgot to explain everything and parked in front of the hospital.

He ran up to the elevator and to the second floor. When the elevator dinged he ran down the hall and opened the door. "Catherine? Is that you?" Someone asked and I nodded. I got hugged by a bunch of Cole's family members and some were crying. Most of them were boys and there were only about 5 girls.

"Catherine. It's my mom." Cole said. I looked at the hospital bed and saw a bald woman with wrinkly arms and a deathly look and I paled.

"Cindy." I whispered. A tear rolled down my cheek.

"Catherine, come here," She said. "You too Cole."

We walked beside her bed and sat down next to it. She grabbed our hands. "Catherine you were like the daughter I never had. You would always say I was your second.... second mom." She laughed dryly and I smiled lightly. "Cole... son, I know I don't have much time but I want to be with my son the final hours of my life. I only have a couple of weeks and the medication isn't working so.... I want to ask you something." She spoke like her throat had sand in it. I couldn't help but burst out in tears and cried on Cole's cousins shoulder.

I was crying the whole way back to my home. Cole took his mom home because she knew that she was going to die and wanted it to be somewhere peaceful. The doctors agreed somehow and I promised to help Cole with her because I knew he couldn't do it alone.

I opened the door to the house and wiped my tears. "Mom!" I yelled, my voice cracking.

She walked to the door and when she saw me she gasped, "What's wrong sweetie?" She asked.

The tears started falling again and I hugged her. "Mom, Cindy has cancer." I sobbed.

"What?!" She yelled.

"She... she's dying mom." I told her. She started to break down and ran to her room like a little kid. My mom was Cindy's best friend. I curled up on the couch and cried softly.

"Cat what's wrong?" Autumn asked.

"Oh, nothing." I quickly wiped the tears.

"Go play with William." I said before she could press further.

"Kitten, what's wrong?" Someone asked. I turned and saw Jason opening the door to my house.

"Nothing." I answered quickly. He started to sniff the air. Yes, he acttually put his nose in the air and started sniffing which looked crazy. He turned to me and growled. In 2 quick strides he was in front of me and he growled again.

"Why do you smell like other males?"

Werewolves?!

~Chapter 8~

"Um.... what?" I asked blankly.

"You didn't go to the store." He said.

"Yeah, I was but I changed my mind?" The lie was obvious.

"Where were you?" He asked.

"Why the hell do you care?" I asked.

"Catherine.... Where.... Were..... You?" I winced as he used my full name and his tone was scary.

"I was with Cole-" Before I could finish a loud growl ripped through the air and his bones started to snap.

I screamed as my mom ran downstairs. Fur started to sprout around him and I screamed louder. I blinked and was met by a huge black bear with pitch black eyes.

I screamed again and my mom ran to me. "Sweetie Shhhhh, it's okay." She soothed. The thing growled and took a step towards me. I started breathing heavily and coughing. I let out a choked scream and I felt a sudden burst of energy go through me. The wolf's eyes turned blue and he walked towards me and whimpered.

Out of self defense, I shot water out of my hands and caged him inside. "Catherine!" My mom yelled. As fast as it came, the energy sucked out of me and I fell to the ground, seeing black.

- - - - - - - -

I slowly opened my eyes and saw my purple ceiling. What happened? Everything came back to me from before and I let out a glass shattering scream.

Jason sat up, "You're awake" He said.

I screamed and jumped back. "You turned into to a bear!" I yelled.

"Actually it's a wolf." He said.

"I don't give a shit! You still changed into an animal! What the hell was that?!" I yelled.

"I can explain..." I cut him off.

"Explain! You mean explain how you turned into a ducking dog?!" I ran into the bathroom and locked the door.

"Kitten, please unlock the door." He said.

"Call Shelby and Mariah." I hissed.

"Kitten, I'm going to break this door down." He growled.

"Then I won't talk to you. Call Shelby and Mariah now." I ordered. He sighed and I heard him talking on the phone. I chuckled at the power I had over him. I wiped my glasses off and waited patiently for my friends.

"Cat, it's us. Unlock the door." Shelby said softly. I peeked my head out and hugged them.

"Thank god you're here!" I said. They smiled at me. I knew they knew.

"Kitten-" Jason said putting his hand out to touch me but I flinched away and hid behind Shelby and Mariah.

"She just needs time." Shelby said. Jason sighed and left.

"Okay... now let me tell you the truth." Mariah nodded.

"So you know about the stuff we read on Wattpad about the..... werewolves?" I nodded and she continued, "Well, it's real. The mates, Alpha, Beta, Delta, Rouges, Packs..... I know this is alot to take in but I'm just going to be straight forward with everything."

"So.... werewolves are real? " I asked.

They nodded and asked, "Do you understand?" I shrugged and got in bed.

"Can you guys stay just in case Jason comes in?" I questioned.

They nodded, "You don't have to be afraid of him. He's your mate, Cat." Mariah spoke.

"Yeah but I just need to get used to it. Especially the whole mate thing." I explained and fell asleep before I heard their reply.

(Dream Land)

I looked at my clothing. It was a white dress that flowed to my legs. It was strapless and had a silver band around the waist. My hair was put up in some type of bun with a bang falling down. "Hello?" I yelled. My voice echoed throughout the meadow. The grass reached my knees and I saw a far off tree. I also saw waterfall going into a small lake. I looked around and yelled again, "Hello?" I saw something black move far off in the distance. It looked like a huge dog and bear.

I ran towards it but froze when I realized what it was." Jason?" I questioned.

'*No darling. I'm his wolf, Jackson*'

I froze in place. "Are you.... what was it called? Mindlinking me?" I asked.

'Yes.' He responded. I walked cautiously over to him and sat down beneath the tree. *'You're here because I called out to you. Because your*

a human,I couldn't call your wolf but you're..... different. I was able to link your dream to me. But I just wanted to see you with my own eyes. Jason and I would never hurt you. You have nothing to be afraid of.' He said.

I sighed, "I know but everything is happening so fast."

'Love, Give us a chance. I promise we won't hurt you. Please?'

I smiled, "Okay.... but I have to get used to this mate thing." I said.

'If it's time you need, then time you'll get.'

(Exiting Dream Land)

Then everything went fuzzy and I woke up. I smiled at myself and went into the bathroom. I brushed my teeth and took a shower. I put on my black skinnys and moustache crop top. I put my hair in a high ponytail and opened the door to my room. I went downstairs and saw Jason sleeping on the couch. I went over and smiled at how innocent he looked. Dirty thoughts invaded my brain and he chuckled, "I can smell your arousal." He said. I jumped in shock and blushed. The thoughts dissapeared and I poked him.

"Get up." I said.

He groaned,"I don't wanna." He whined.

"Fine." I sat on his stomach and he let out a tortured groan.

He flipped us over so he was on top and he leaned down to my ear and whispered, "You're really-"

He was cut off by an adorable voice, "Ewwww Cat!" It was William. I quickly pushed Jason off and sat up.

"Uh.... hi" I said.

"Mommy wanted me to ask you my question because she didn't wanna answer." William scrunched up his nose and stood in front of me.

"Yeah?"

"How are babies made?"

Jason started cracking up in laughter while my face heated up. "Well Um... life... Um.... finds a way....." I tried to start but was left speechless. There was the Birds and Bees... And then Netflix N Chill. Just then someone came in and spoke.

"It's like a hotdog. The meat goes into the bun and-" I cut them off.

"What the heck! He's 5 years old!" Cole put his hands up in surrender.

"Um, Will... babies ummmm are made from a man and woman when they love eachother very much and they get very... active..." I spoke slowly picking the right words.

"They get active alright." Cole said wiggling his eyebrows. I rolled my eyes."Okay." He chirped and ran away.

"Cole you asshole!" I hissed making him chuckle then he got serious, "I'm here because of that.... thing" He coughed awkwardly. Mariah and Shelby came down at that moment. "Oh yeah! I gotta go to Cole's house. Be back in an hour!" I yelled.

"Wait. What are you doing?" Jason asked.... well growled.

"We have to study for Geometry." I lied smoothly. We left afterwards. Cole didn't want anyone to know about his mom because he didn't want people to feel sorry for me and give him pity.

I helped Cindy out in every way I could. Massaging her feet, feeding her, talking to her and her favorite: Singing to her. She always called me Mariah Carey because of the high pitched sounds I could do. Cindy and I talked and it turned out She was a human and Cole was apart of Jason's pack. He was full werewolf because his mom was human and his dad was a werewolf and if you have a human parent and werewolf the baby either gets full on human or full on wolf. I learned pretty much everything and when I went home from Cole's house. Jason pretty much attacked me in a hug, stupid over protective alpha.

*.*1 Week Later*.*

"Awhhh." Mariah and Shelby said in unison.I quickly pulled away from Jason making him frown at them.

"You ruined the kiss." He grumbled. Yep. Jason and I are an official couple. Jason got that far away look which meant he was getting a mindlink and he started panicking. "Alpha duties." He grumbled and left. I rolled my eyes and froze when I saw something on Shelby and Mariah neck.

"YOU GUYS GOT MARKED!?" I yelled hugging them. They giggled and nodded.

This whole week everyone has been so secretive and it's killing me. They keep having private talks without me and I'm getting pissed. Jason came back looking pissed. "What happened?" I asked.

"Nothing." He said.

"Jason I can tell when something has happened." I told him.

"It's nothing." He snapped angrily. I let out a frustrated sigh and went upstairs to my room.

"Until you get your shit together don't bother me!" I yelled.

"Kitten I'm sorry." He said rubbing my back. He tried to kiss me but I ducked in time for him to miss. "Kitten" He groaned.

"You get none of this until you clean up your act." I said motioning to my body.

"I'm sorry, baby." He pouted cupping my cheek.

'*Dont give in'*. I reminded myself. I scowled at him and went into my bathroom. Jason practically lives with me now. When I finished,

I wrapped a towel around my self and exited. Jason's eyes turned golden when he looked at me and I smirked.

"I'm sorry." He said wrapping his arm around me.

"You should have thought about it before you snapped at me... again! That was like the 10th time this week!" I told him. He groaned and I sat on my vanity and put on my lotion.

"Su tal ano a veces pero todavía le amo aunque yo no lo diga en voz alta. Usted tiene una erección masiva ahora mismo y esto jode divertidísimo. Olvidé de decirle sobre mi ex-marido Liam. Él me dio una galleta en kindergarden y al día siguiente él me presentó unos habitantes de toque nos casamos y besamos eachother en la mejilla. Él decidió divorciar de mí al día siguiente porque cooties fue inventado." I giggled and saw him frown. "I have no clue what you said but I did catch the name Liam" He said. I giggled and sat on his lap. He growled and his eyes started to turn even golder as I straddled him. "Yup, my ex husband." I whispered making him growl.

"What?!" He yelled.

I ran into the bathroom with my 'pajamas' I really just wanted him to be turned on and not get any of this. It was some strapless lacey thing that showed my stomach through the fabric and panties were a turn on as well. It was pretty much one of those things you would wear, lie on the bed and wait for your lover. I let my hair down and used my watermelon scented body spray because he always got turned on by it.

I opened the door and Jason's mouth dropped open and his eyes were golden. "I am having so much self control with not taking you now." He said, his voice switched between his and Jackson's.

"Well guess what Alpha, you can't take shit because you can't have any." I winked at him and got in bed.

"God, this is torture." He groaned wrapping his arm around my waist but I moved it away.

"No touchy, Alpha." He growled at the use of his title. He hated when I called him that.

"Cat please. I'll do anything" He begged. I smirked evilly thinking of a plan.

~Chapter 9~

I rang my bell and waited. "You Rang?" Jay asked in his sexy voice.

"Oh yes, I need you to get me and my best friends a drink." I said. He rolled his eyes and grumbled under his breath.

"I would like a coke." Mariah said.

"I second that." Shelby spoke afterwards.

"And I third that." I winked at him.

He sighed, "How much longer do I have to do this?" He asked.

"Until I can forgive ya." I said and he left to get our beverages.

"Your mate is your servant. I should totally do that Rick when he pisses me off." Mariah squealed.

"I should too." Shelby giggled and I grinned evilly. Everytime we were alone I made him take off everything except his boxers and a tie. My, my, my that man is sexy and all mine.

"Here are your drinks."

He handed us our sodas and I gave him a kiss on the lips and spoke, "You're forgiven." He beamed and picked me up by my waist and spun me around.

"Now you're mine to touch." He said and I giggled. He set me back down and went back to Chester and Rick to do some stuff.

"Riah, Bee..." I said. they looked at me and smiled.

"Yeah?" They said together.

"What's going on?" I asked. The whole week they have been secretive and it gets annoying.

"Nothing. Just ummmm...We gotta go." They left before I could question further and I decided to leave. I went upstairs and bumped into Chester and Rick.

"I thought you guys were with Jason." I said.

"Oh, he's in his office right now. We just finished." They left and I headed up the stairs.

I followed his old spice scent to the huge double doors but before I could open it I heard a purr. "Hey baby, wanna have some fun?" The bitch said.

"Tiffany leave me alone. I have a mate and you're lucky I didn't

kick your skimpy ass out of the pack for fighting with your future luna." I did a fist pump. Served bitch.

"Jasey please? We can work this out and throw that bitch aside." She said coldly. I was on the verge of dragging her out and throwing her down a cliff.

"Get the hell away Tiffany. Out **now**!" He used his sexy alpha voice making me laugh mentally.

"Wait... I can be everything Jason!" I heard kissing noises and barged into the room. I stormed up to the bitch and grabbed a locked of her hair. She started kicking and screaming for Jason to help her but he was shocked and trying to process what happened. I gripped her hair tighter and dragged her outside. I let go and she instantly got up and threw a punch in which I blocked to give her a roundhouse kick. She fell face first into the ground.

"Why the hell do you keep trying?! He obviously doesn't want you so stay away from what is mine." I got onto her lap and threw punches after punch.

"Leave"

punch.

"Him"

Punch.

"Alone"

Kick.

She shoved me off and before I could get at her again, someone pulled me away by the waist while she cried for Jason. "Stop playing innocent. This isn't save-a-ho!" I yelled before the person dragged me inside. I knew it was Jason because of the electric shocks he always created when we came in contact.

"Why do you keep fighting?" He asked.

"She's the one starting this! She knows exactly how to push my buttons and you just watch from the crowd." I told him. He sighed and ran his hand through his hair.

"I'm sorry Kitten but I can't just kick her out of the pack because her family is a very close friend." He said.

"Then why don't you kick her ass out of the pack instead of her family?!" I was growing more and more frustrated every second.

"I can't because her family would be upset." He said.

"Why the hell are you defending her? It could have been a quick 'maybe one last time' but you decide to defend her. This will happen again and when it does I won't stick around for the next one."

"Kitten I'm sorry." He wrapped his arm around me and held me closer. "I can't lose you." He whispered more to himself.

"I'm gonna go home." I told him once we pulled apart.

"I have to stay and do pack work." He said.

"Okay" I nodded and walked to the front door. "I'm gonna walk" I yelled. Before he could protest I walked out the door and on the side walk.

The closer I got to my house I felt like I was being watched from more than one person. I looked in the woods and saw Grey eyes. I turned around and saw 2 men. They were large and had black hair that was slicked back. One had a tattoo of a skull and the biggest frown on his face. The other was chewing gum and popping more into his mouth.They wore a buisness type suit and sunglasses.They looked like secret agents. They were watching me intently. I pretended not to notice and took out my phone. I turned the corner, ran into the woods. I turned back to see them looking around for something.....for me. I found the familiar trail and kept running until my house was in view. I let out a relived sigh and went inside.

Surprise!

Picture of Cat in her dress on the side

~Chapter 10~

I rubbed against something soft but hard. I opened my eyes and saw that I was against Jason's chest. I poked his chest and he grumbled under his breath. I'm still mad at him. I unwrapped myself from his arms and he started to grumble even more. I brushed my teeth and took a shower. I made plans with the girls to go shopping because of some ceremony for some pack thing.

I put on my skirt that reached above my knees and matching shirt. I put my hair in a braid and opened the door. Jason was standing there and when he saw me he wrapped me in his arms. "I'm sorry about yesterday. I would pick you over anything anytime." He said hugging me.

"It's fine." I sighed and he pulled back.

"I love you." He said.

"I love you too." I smiled.

"Okay ladies chop chop!" Cole ushered us into the next store. "Ooh this dress is going to look hot on you." He said holding up a dress.

"Noo that's too.... slutty." I told him. He stuck out his tongue and put it back. "This one!" I squealed pulling out a strapless golden dress. the top was glittery and the bottom flowed out.

"Go try it on." Mariah said. Shelby clapped her hands and nodded. I went into the changing room and put it on.

I walked out and their jaws dropped. "Hell yeah!" Mariah said.

"Definitely the one." Shelby added.

"It makes your ass look big." Cole said. I slapped him making him grab his cheek. "Just being honest." He shrugged.

"Oh shut up Cole! Jason is going to be begging on his hands and knees to sleep with you." Mariah said. Shelby giggled and I laughed.

"Totally the one." I undressed and payed for the dress. I also bought earings and golden heels along with it.

Mariah bought a spaghetti dress. It went down to her feet and she bought matching heels with it. Shelby bought a royal blue dress that clung to her like a second skin. It had slits in the back and a belt around the waist.

I hung the dress in my closet when Jason came behind me. He turned me around so we were face-to-chest and smashed his lips on mine. I moaned at the pleasurable sparks that erupted with his touch.

I pulled away because my phone buzzed. I took it out and read the text.

Cole: Funeral was very sad but she's in a better place

I smiled knowing Cole was very close to his mom. She died a couple days ago and the funeral was an hour after we went shopping and he took the whole thing well. "AHHHHHHH!" I screamed jumping back. There was a big ass spider on the floor the size of a fucking truck.

"WHATS WRONG?" Jason asked getting into a protective stance in front of me.

"KILL IT!" I yelled. He started cracking up when he saw the spider. It was seriously the size of a truck. Well, maybe a toy truck..... or a toy truck's wheel.....or a grain of sand but it's still a bug, a spider specifically. "KILL IT!" I yelled at him, almost in tears.

He stepped on it with his shoe while I bawled my eyes out in the corner. "It could have killed me." I told him. He started chuckling and grabbed me by my waist.

"It was a baby spider, Kitten."

"It's still a creepy crawly." I pouted making him kiss my cheek.

"A tiny spider can't kill you." He said. I jumped on his back.

"Onward to thy bed." I said in a fake British accent.

"The bed, huh? I can see us doing a lot of things there." He said.

"Eeewwww! You horny dog!" I said sticking my tongue out. "I'm hungry." I rubbed my stomach.

"Let's go to a diner." He said. I nodded and he walked out of the house and sat me in the passengers side of the car.

I looked at the menu. "What would you like today?" The waitress asked looking at my man. "I want the chicken tenders with extra honey mustard and French fries. Ooh! A chocolate milkshake and apple juice. Lots of apple juice." I said in a happy voice, ignoring her checking Jason.

Jason chuckled and turned to me, "You sound like a little kid."

I crossed my arms, "I do not!" I told him making him poke my cheek.

"Whatever you say, dimples." I hate that nickname. Douche bag.

"I want a Reuben with fries and a vanilla milkshake" Jason said. The girl winked at him and leaned down so her boobs were showing.

"Would you like onions, pickles, lettuce, and tomato on that?" She

asked.

"All of the above." Jason said, he probably knew she was checking him out.

Get your skanky eyes off of him!

She gasped and looked at me with wide eyes. Did I say that out loud? Oops. She walked away and into the kitchen door. "I can't... I just can't." Jason started laughing his sexy ass off.

"Shutup." I mumbled. He grabbed my waist and sat me on his lap. "You're hot when you're jealous." He told me.

"I was not jealous" I lied.

"Yes you were." He kissed my nose and I wiggled out of his lap.

"Was not!" I told him.

"You we're totally jealous." He chuckled.

"Okay maybe a little. But how would you feel if I just hugged him?" I pointed to a random guy who happened to be sexy. He had no shirt on and a surfboard. He was dripping with water and had his swim trunks on. Oh my.....

Jason caught me checking him out and he growled. "Don't look at him." I giggled and sat across from him.

"Let's play Q&A." I suggested.

"Q&A?" He asked.

"Question and Answer. You start."

"Okay.... what's your favorite color?" He asked

"Purple and Blue." I answered

"What's yours?"

"Red." He replied

"Where is your favorite place to go?"

"Amusement Parks!" I said quickly while smiling.

"What's your favorite food?" I asked.

"Hmmmm, Anything with Chicken."

"If you had to pick an animal. What would it be?"

"A puppy and dog" I said picking 2.

"I said one but whatever." He told me.

"What's your favorite artist....music wise?" I asked.

"There's too many to pick. What about you?"

"Bruno Mars by a landslide. Bruno is a-ma-zing" He growled but I ignored it.

"Do you-"

I was cut off by the skanky waitress, "Here's your water....oops." She tipped the cup over me but I quickly used my powers to make it freeze and go back into the cup and unfreeze.

"We didn't order any water, thank you." I said in a fake sweet voice. She left and I grumbled under my breath, "bitch."

He dropped me off at my house and when he tried to kiss me, I shut the door on his face. "Cat you can't treat your alpha like that!" My mom scolded.

"Unless I'm his mate and future luna." I said making her roll her eyes.

"Catherine do you know what this is about?" My mom held up a picture of a stick with yellow strings around the head and blue dots in a circle.

"What?" I asked.

"Cat, Autumn drew a picture of you but when I asked what this was, she would go silent." She pointed to what looked like trees and there were....2 Grey blotches.

"No...no.... I think it's just to be creative, ya know?" I tried to cover it up. She put it back down and continued reading. I let out a sigh of relief.

I ran upstairs into Autumns all-pink room. "Autumn!" I yelled. Her bed is in a corner and there is a huge pink curtain you have to pull back to see her. I slide it over and saw her on the bed with her stuffed animals. "Autumn you know this picture you drew?" I gave her the picture and she nodded.

"He talked to me. He asked me about you." She said. Okay if this isn't creepy, I don't know what is.

"Autumn if he comes again I want you to scream, okay? Strangers can do anything and I don't want my baby sister to go missing." I told her.

She nodded and said, "Okay. "

I went upstairs to sleep. Jason went back home because all of his pack stuff had doubled over the week. I put on his shirt to help me sleep and breathed in his old spice scent. Those moms on the commercials were totally right.

..*.*.*.*.*.*

When we finally got home, I sat on the bed. Mariah and Shelby took me to the mall. I got my nails done and blah blah blah for the ceremony. Something is totally off today, I'm missing something. I looked at the time: 5:14 the ceremony starts at 6:00. I got in the shower and scrubbed myself until I got tired and shaved. Same watermelon scented shampoo and body wash.

I wrapped myself in a large purple towel and went over to my vanity.

I put on mascara, eyeliner, lip gloss, and eyeshadow. After that, I put on my strapless bra and panties. Then, I slipped on my dress and heels and applied my watermelon scented body spray. I just let my hair flow down normally to my waist and put on my earrings. I did a little twirl in my mirror and grabbed my strap. It's a thing I

strap to my thigh and attach my phone and whatever to it. I attached my phone and went downstairs. My mom had to go to the store, so I wrote a note and attached it to the fridge:

Going to ceremony! Be back in a couple of hours

~Cat

What am I forgetting today? That question has been in my mind all day. I went back up to my room to look for my necklace. Maybe that was what it was. I went into my moms room to see if she borrowed it. I looked inside her jewelry box and saw it. I tried to pull it out and the entire thing fell over and a large square envelope fell out of the crack.I could make out my name in cursive but wasn't my moms handwriting. Someone must have put it there. I undid did the screws and pulled out the envelope. My mom didn't know it was there, it was hidden inside of the box. I could see the handwriting and it was definitely not my mom's. The only thing outside of the envelope was my name:

Catherine

I didn't have time to look for it because of the ceremony so I strapped it next to my phone and headed out the door. I then realized I forgot the necklace but decided not to go back and get it because I would be late.

When I got there, I ran up the steps and caught my breath. I opened the door and everyone jumped out and yelled,

"SURPRISE!"

Party

Dedication to Angel2020BJS for the vote!Thanks alot!

~Chapter 11~

I was shocked at first then I realized that's what it was: My birthday! I looked around. There was a large banner in purple and blue that said Happy Birthday Future Luna Cat. There was a large stage with a karaoke machine, a dance floor, 5 long tables filled with my favorite foods, and 5 large tables stacked with presents. Mariah and Shelby ran over to me and hugged me. "Happy Birthday, Sis!" They said in unison. I hugged them back tightly and my mom, Autumn and William hugged me as well. This is why they were so secretive all week!

I looked around for Jason but didn't see him. Music started to play and everyone went wild. "Happy Birthday Luna." A woman bowed to me.

"Please, call me Cat and thank you." I said. She nodded and I got a bunch of happy birthdays and whatevs.

"Cat! I need to talk to you." Cole said peeking up. "Alone." He added.

"Okay, follow me." I led him to an empty hallway and sat down in a chair.

"Okay before I start. I want you to know that you are the only person that knows this. I wanted to tell you first because your the closest to me.... the sister I never had. I'm going to tell Mariah and Shelby but not now. You have to know first." I nodded.

"I'm gay, but it's a secret." He said.

I was shocked for a couple of seconds then nodded, "I'll stick with you no matter what. If you don't want anyone to know then I won't tell." I told him.

"I don't want anyone to know because the pack will... bully me." He said.

"I'll make sure no one does if you decide to be open with it. If they try to hurt you then you can tell me. You shouldn't hide who you are Colton. But I'll still stay by your side." I hugged him and he hugged back.

"Oh and can you help me pack my mom's stuff? It might take a while but-"

"Of course I will, Cole!" I told him. He smiled again and hugged

me. We went back to the party and I was in search of Jason.

Someone grabbed my waist from behind and I jumped in shock. I knew it was him by the electric zaps. "Happy Birthday Kitten." He whispered in my ear. "I have a present for you but it's at the pack house." He said.

"I wanna see it!" I squealed.

"Wait until after the party." He said. I nodded and kissed his cheek.

"Cat! Sing for us!" Shelby grabbed my hand and begged me to sing.

"Okay 1 song." I finally said. She pushed me on stage and I queud up Emotions by Mariah Carey.

(You've)Got me feelin'emotions
Deeper then I've ever dreamed of
Oh Woah, oh Woah.
(You've) Got me feelin'eeemotioons higher then the heavens above.
I feel good
I feel nice
I've never felt sooo satisfied
I'm in love
I'm alive
Intoxicated, flyin' high
Feels like a dreamWhen you touch me tenderly
I don't know if it's real
But I like the way I feel insiiiiiiiiiide
(You've)got me feelin' emotions
Deeper than I've ever dreamed of
Oh Woah, oh woah
(You've) got me feelin' eeemotiooons
Higher than the heavens above
In the mornin' when I riseYou are the first thing on my mind
And in the middle of the nightI feel your heartbeat next to mine
Feels like a dreamWhen you love me tenderly
I don't know if you're real
But I really like the way I feel insiiiiiiiiide
(You've)got me feelin' emotions
Deeper than I've ever dreamed of
Oh Woah, oh woah
(You've) got me feelin' eeemotions
ooonsHigher than the heavens above
Oh, you emotionsOh
deeper than I've ever dreamed of
Baby, you've got me feelin' emotions

Higher than the heavens above

oh yeah yeahNow you know the wayTo make me lose controlWhen you're lookin' into my eyesYou make me feel so higher emotionsDeeper than I've ever dreamed of

Oh, you've got me feelin' emotions

Higher than the heavens above

Higher emotions

Deeper than I've ever dreamed of

Oh, you emotions

Higher emotions

Deeper than I've ever dreamed of

Oh, you, emotions, emotions

You got me feelin' higher

I hit every note perfectly and kept pointing and looking at Jason the whole time while he was in a state of awh. Everyone clapped, whistled and cheered when I finished the song. I went off the stage and Jason picked me up in his arms. "That was amazing. You have a beautiful voice." I thanked him and hugged Shelby and Mariah who were talking about my voice.

I squealed when someone took out the huge cake. I ran over there accidently bumping into people and jumping up and down when I saw the vanilla icing. "Cake! Cake! Cake! Cake!" I repeated. There was a 1 and 7 at the top and my mom little them up.

"Everyone gather around!" She yelled. Everyone went in a circle around me and the cake and Jason grabbed my waist standing by me.

"Let's sing." Mariah said. Then everyone burst out in high and low voices.

'Happy Biiirthday to you

cha-cha-cha

Haply Birthdaayyy to you

cha-cha-cha

Happy Biiirdaay dear Catherine

Happy biiirthday to you'

I made a wish and blew out my candles. Everyone cheered and I cut a piece of the cake. Everyone waited for me to take the first bite but instead, Jason took my fork and fed it to me.

He pecked my lips when I swallowed and I blushed at the crowd of "Awwwws" That we got. We were feeding eachother the cake and everyone got their piece. When the cake was done, I drank some water and danced the rest of the night.

The presents had to go into 10 seperate trips and when we finished, everyone went home except Jason covered my eyes in a

purple bandana and led me into the woods I'm guessing because of all the snapping twigs. We finally came to a stop and undid the bandana and it fell to the ground. In front of me was a huge 3 story house. He opened the door and I looked around. The living room had a huge couch and a flat screen hooked up to the wall. The kitchen came into view and it had a very nice island and tile floors. It was very beautiful. The dining room was very fancy. It had a crystal chandelier above the long table and a bunch of chairs. I went upstairs and saw doors. One of them had a paw print on it and that confused me. I opened the door and nearly cried. There was bowls of food, a soft bed and a perfect dog paradise and I was attacked by a puppy and a dog. "What do you want to name them? " Jason asked. "The big one is a girl and the puppy is a boy." He said.

"Princess and Dexter!" I said smiling. The rest of the rooms were empty because those were for the future *cough*kids*cough*

Our room had a huge king size bed and a a walk in closer. The walk in shower was huge and there was a bathtub with controls. In our room was a TV and a couple of seats. There was also a balcony and I loved it.

The third floor had a game room, a couple of guest rooms and his office. The presents were taken to this house and my mom already brought over my stuff. The garage also had alot of cars. There was also a pool outside and a hot tub. This was the dream home.

Shelby and Mariah freaked out when they saw the house. "Open our present." Mariah whined. Cole also told them about being gay and we promised to keep it a secret. They gave me a huge box. I opened it and inside was another box. Inside that one was smaller box then an even smaller box and etc. I finally got to the smallest box 15 boxes later and there was an envelope. Inside was a card. Not a birthday card but a card. To a single day pass to Busch Gardens in Tampa, Florida. I LOVE amusement parks.

"We already booked 4 rooms in a hotel. Cole, Jason, Chester, Rick, Shelby, me and you are going this weekend." Mariah said. I hugged the life out of her.

"Thank you!" I yelled over and over again.

We had a movie marathon all night until they had to go. I took a shower and hid the envelope in my purse until after the trip. I wasn't ready tto see what was inside yet. I took a shower and put on Jason's shirt because it helps me sleep. I got in bed and fell asleep instantly.

Authors Note

Cat got a surprise b-day party. BTW she doesn't open the note until after they got to Busch Gardens.

Who's been to Busch Gardens before???

What was your favorite ride??

I litteraly live right by it and we have a year pass so we go every Saturday. Vote. Comment. Follow

Home, Sweet Home

~Chapter 12~

I felt something wet on my face. And on my feet. I opened one eye and saw Dexter licking my face and Princess was licking my foot. I kicked Princess away and sat Dexter on the ground. I then realized Jason was beside me, and sleeping peacefully. Innocent, Sexy. I decided to make breakfast because I kind of felt like a wife having to cook for the husband. I slipped out and brushed my teeth. I quickly washed my face afterwards and went into the kitchen.

I opened the fridge and took out eggs, bacon, ham, bread, and rice. When I finished cooking I put the plates on the bar and sat on the tall chair and ate. "Good Morning." Ice minty breath whispered in my ear. I smiled because I knew that it was Jason.

"Morning." He sat down and ate.

When I finished, I cleaned the plates and put them up. I ran upstairs and fed the dogs. "We're leaving tommorow." I heard Jason say.

"Leaving?" I asked.

"Yeah, we're driving to Florida to go to Busch gardens tommorow." He said. I smiled widely and hugged him.

"I can't wait." I went in for a quick peck but he held me in place and I opened my mouth before he had to ask for permission. His tongue swept along my mouth and he tasted strongly of mint and smelled like Old Spice.

He wrapped my legs around him and laid us down on the bed. I tugged his hair making him moan and he started to trail kisses down to my neck and went to the soft spot. It made me moan and I flipped us over so I was on top. I pulled his shirt over his head not caring about my space. He flipped us over again and he kept kissing my neck while I massaged his abs making him moan.

He slowly crept his hand up my shirt when the doorbell rang. He groaned and pulled on his shirt. "Damn." I giggled and went downstairs and opened the door. Mariah and Shelby hugged me.

"Hey girly." Shelby greeted giggling.

"Hey Bee!" I hugged her tightly and led them inside. Princess came downstairs and attacked them with kisses. Dexter whimpered in the corner. I guess he isn't so cool with strangers. Even though they came yesterday.

I picked him up and he kicked my face. "Dexter." I warned and I gave Mariah the adorable puppy.

"Awh. He's a German Shepard." Shelby cooed. Princess was a Golden Retriever and large. She ran back up the steps and probably went to her room. I sat on the couch and turned on the TV.

"What brings you guys here?" I asked. I sat on Jason's lap while Mariah sat on Ricks lap and Shelby on Chester's.

"To hang out with our sister." Mariah said putting a hand to her chest, faking hurt. I rolled my eyes and crossed my arms.

"Are you guys going to come everyday?" I asked.

"Maybe." They replied together.

The doorbell rang and I ran to it. "Cole!" I attacked him in a hug making him stumble back but he regained his balance and Mariah and Shelby jumped him in a hug as well.

We pushed him inside where the guys started glaring at him, "What is *he* doing here?" Jason asked.

"Same reason why Mariah and Shelby are." I replied. Cole sat awkwardly on the other seat. I sat down on Jason's lap and he instantly relaxed but still glared at Cole. "I swear if you keep glaring at him like he's a rouge...." Mariah trailed off and Rick started hugging her close.

"I'm sorry." He whispered and Mariah squeezed his hand.

"SOOO Cole did you uh, figure anything out?" Shelby asked awkwardly.

"Uhh," Cole started but I saved everyone the awkwardness.

"What do you guys wanna watch?" I asked flipping through the channels.

"Oh! The Help!" Mariah said. I switched to it and Shelby started giggling when she told the woman to '*Eat her shit*'

Everyone left later on and I finished packing with the help of Cole. I couldn't wait to leave for Florida in the morning. "Jay!" I yelled.

He ran in and took a weird protective stance, "Who hurt my baby?"

I giggled at his reaction and got up. "Just because I called doesn't mean I'm in trouble." I scowled at him and he wrapped his arms around me.

"I have to be prepared." He shrugged as if it were nothing and I jumped on the bed.

"Can you turn on the TV for me?" I asked.

"Why can't you do it yourself? " He asked.

"Because I don't feel like it." He chuckled and turned the TV on with the remote. "Go to Family Guy!" I told him. He switched the channel and I blew him a kiss, "Thank you."

Soon enough, I fell asleep

Busch Gardens

~Chapter 13~

"CHANNING TATUM!" I yelled running over to the sexy piece of man.

"What's up Cat?" He asked.

"You're sexy!" I blurted out. He chuckled and leaned in closer. I closed my eyes and puckered my lips as well.

Bump.

I opened my eyes and saw Channing Tatum was gone. Everything turned rotten and the smell of blood and death filled my nostrils making me gag. "What the he-" I saw a figure in the distance standing in a puddle of blood. Someone with blonde hair and blood all over them was crying and she had chains around her wrists and ankles. It was me....?

I walked closer and I was crying over a familiar body: Jason. He had blood everywhere and I was crying, "Please don't leave me Jason!" I looked around her and saw more dead bodies. Autumn, William, my mom, Shelby and Mariah, Rick, Chester,Princess and Dexter. Tears welled up in my eyes. I saw an older version of me. She wasn't me though. She had my blonde hair and it was dirty and bloody. She was next to a guy with my blue eyes, he stared into the sky, with no life in his eyes. I saw the dark figure, the only thing it had was grey eyes. He yanked me by my hair and sunk his teeth in my neck.

They disappeared and I ran over to Jason and cradled him. "Jason! I yelled. "Jason please wake up. Please! Jason! Please don't leave me!" I cried and his body dissapeared in my arms. I held onto the air where his body used to be. "Jason!" I cried. Everything around me dissapeared except that familiar figure with grey eyes.

"Kitten, wake up." Someone yelled. I opened my eyes and saw Jason. I wrapped my arms around him and started crying. "Shhhhh it's okay, it was just a dream." He whispered.

"But... it.... it felt so... so *real.*" I sobbed on his shoulder and he held me.

"You were talking in your sleep." He told me. "You were calling my name and telling me not to go." He told me. I held him tighter, probably killing him. "It was just a dream Kitten. I promise I won't leave you." He told me. That was when I realized I wasn't in the bed.

"Where are we?" I asked.

"We're at the hotel. You slept the whole trip. Mariah, Shelby and Cole are in the three rooms to our right." He told me. I nodded and got back in bed. He got in with me and kissed my head. "I promise I won't leave Kitten." He whispered and I had happy dreams about my future- *our* future.

..*.*.*.*.*.*.

"Wakey Wakey." Someone poked my face. I groaned and rolled over. "Cat some whore is trying to sleep with Jason." I opened my eyes and saw Mariah and Shelby's laughing their asses off.

"We were just kidding" They said in between giggles. I stuck out my tongue.

"What do you guys want?" I asked.

"Get ready. We're going to BG." That was all it took for me to run into the bathroom and take a shower. When I finished shaving, shampooing, and washing I wrapped myself in a big white fluffy towel.

I put on my rip off shorts, and moustache off shoulder crop top. I also put on my sandals because we were going to be doing alot of walking. When everyone was ready we headed out. I was squirming around happily the whole drive.

.

We walked until we got to the Gwazi. We used our quick queue pass and got in the line. I sat by Jason and buckled up. The Gwazi moved around alot and was a bunch of fun. I rode every single one. I was upset because Falcon's Fury was closed.

I bought a cup of dippin dots and we walked down to the Montu. (My favorite is the Montu and Sheikra) "Oh my god he's hot." Cole whispered to me while pointing at the guy in front of me.

"What are you? Gay?" Chester added unnecessarily. Stupid werewolf super hearing,

"Hey guys! The Montu!" I said avoiding the subject because Cole got fiery red and squirmed awkwardly.

We got in the front row and I brought down the chest belt and kicked my legs like a little kid. Jason held my hand and I threw up my free hand when it started.

We ended the day with the Sheikra. That was my all time favorite besides the Cheetah Hunt. Jason held me bridal style as we walked to the car because my feet hurt and I didn't want to walk. That was the best birthday present ever. Jason kissed my forehead and told me goodnight. I smiled and fell asleep soon afterwards.

Unknown Secrets

~Chapter 14~

The trip was fun. We left a couple days afterwards and everything went back to normal..... or as normal as things can be at this point.

I went into the house and sat on the couch. Jason was doing his pack work that he missed out on. I heard a shuffling around the house and followed the noise. There was an open window in the kitchen. I gulped nervously and grabbed the home phone off the hook. I dialed Jason's pack emergency phone and it rang.....and rang... then Jason picked up. I walked around the house, peeking in every corner. "Kitten, are you okay?" He asked. I opened the door to my room and saw the figure with grey eyes stroking a picture of me with his finger, tears pricked my eyes and I screamed. The phone dropped and when I looked up, grey eyes was gone and our bedroom window was open. I dropped to the ground and brought my knees up to my chest and cried, rocking back and forth.

"Cat!" Jason embraced me and I cried on his shoulder. "Jason.I....I saw him" I cried. He held me tighter.

"Who?" He asked. I saw that our bedroom window was closed and there was no trace of the man and Jason obviously didn't smell him. I went downstairs and saw the kitchen window was closed. Did I imagine that? No... it can't be. That felt to real "Kitten it's okay, I promise no one will harm you." He assured. I nodded and he brought me to the pack house because I refused to be alone. I sat on his lap with my legs wrap around him and my head on his shoulder.

..*.*.*.

I wake up the next morning and stay in bed for a couple seconds then take a shower. When I was finished I put on my skinnys and shirt. Then, I head downstairs where Jason gave me a plate. I dug in immediately. I moaned as the pancakes made my taste buds explode in pleasure and the chocolate melted on my tongue. The fluffiness of the pancakes made it easy to chew and it was the best pancakes I ever had.

When I finished and cleaned my plate, I caught Jason acting weirdly. He would open his mouth to say something but closed it. Then he would wrap his arms around me and hold me tight. I spotted my purse on the counter and then I realized I forgot to open the envelope with my name on it. "Don't you have to do pack

work?" I asked Jason.

"Yeah, but I don't want to leave you." He muttered.I rolled my eyes and hugged him.

"I promise I'll be okay. You can call me and if I don't pick up then you can come immediately." I assured him. He nodded and got up. With one more kiss on the cheek, he left and I quickly dug around in my purse for the envelope.

*Catherin*e

I traced the beautiful cursive handwriting with the tip of my nail and slowly opened it. Something fell out and I quickly picked it up and examined it. I dropped it immediately when I saw what..... or *who* it was.

It was that woman from my dream. She was in a familiar clearing. She had a huge bump on her stomach. She had the same blonde hair as me and my dimples. She looked older though. On the back of the picture it said....*Pregnant with baby Catherine* in the same cursive handwriting. Tears pricked my eyes but I held them in and took out the next thing in the envelope. It was a piece of paper. With an address.

Jason's POV

I signed all of the paperwork and couldn't help my mind but linger on my beautiful mate. She was smiling and laughing in the picture on my table. "Alpha! Alpha ! There was a rouge on our territory. He gave us this." Chester handed me the piece of paper and I unfolded it quickly.

Dear Alpha Jason,

You probably don't know me due to the fact the secret your father hasn't explained to you but your mate is very special. I have been watching her ever since I found out you were mates and found her satisfying. Your father owed me a female and looks like I found mine. Oh, and you might want to check on your mate.

-Unknown

I ran out of the pack house and into our home where my mate was watching TV. "Jason, you're home early-What happened?" She furrowed her eyebrows and looked at me concerned. I inhaled her scent and embraced her tightly "Woah, what the heck happened today?" She asked.

"Nothing" I said quickly.

'Chester I want every inch of our territory guarded!' I mind linked him. *'Rick I need you to prepare our best fighters for any unknown attacks'* I ordered him. They both agreed and I kissed my mate. "Are you okay Kitten?" I asked. She nodded and I kissed her again.

"Why?" She asked.

"Nothing Kitten." I told her. She brushed it off and her eyebrows

furrowed together. She always did that when she was thinking deeply. She then bit her lip and focused on me.

"Jason..." She strayed off. "Nevermind" She thought better and rested her head against my chest.

"You know you can tell me anything Kitten?" I told her.

"Yeah. It's nothing." She assured. I nodded and she fell asleep. I brought her to the bed and fell asleep with her.

Cat's POV

I pretended to go to sleep and I felt Jason carry me into the bed. His light snores soon filled the space and I kissed his forehead. Quietly, I slipped out of his grasp and put on my shoes. When I was sure he wouldn't wake up, I wrote a note.

Went shopping.

~Cat

I opened the door to the garage. I got into Jason's Ferrari and drove off to the address on the note.

When I got there I saw a 1 story house. It was nice and on the mail box it read *Faye.*

I gulped and knocked on the door. A woman with blonde hair opened the door. She gasped when she saw me and tears built up in my eyes. "Catherine?" She whispered.

"Yes." I choked out.

"My daughter! My baby." She cried and hugged me. A man around her age with the same blue eyes as me came. His eyes widened and he hugged me. I hugged them back tightly and they ushered me inside.

****

"Why? Why did you leave me with her..." I asked.

"Well,Catherine.....I'm a werewolf." My father said slowly.

"I'm a human." My "mom" added.

"Do you know about them?" He asked. I nodded and listened further.

"Usually, when you have werewolf and human blood you either get one but.... your scent ....it's human but I can still smell werewolf." My father said. I nodded and he continued. "Rachel, your current mom and I were a couple. It's impossible to get pregnant by someone other than your mate so..... Autumn and William aren't your real brother and sister. Your *real* mother got pregnant with you after a party. I rejected her when she woke up the next day and when she figured out she was pregnant I accepted her and you. When you were born.... we gave you to Rachel because there are men that are after you. We knew it would be safe if you didn't know. She would have given the envelope to you on your 20th birthday but I guess you found it early." He explained

"So.....I.....I might be a wolf?" I asked. He nodded and hugged me,

"I'm so glad you're here." He told me. I nodded and sat there in silence.

"Who are the men and why are they after me?" I asked.

"Well, there are different werewolf types. I'm a Lycan. PA Lycan is the most powerful one in the werewolf species. They are very rare and there are only 5 left. Well, now 6 because of you. They all live in the United States. Nina, Drake, Andrea, Jason, and me. "Wait.... J-Jason?" I asked.

"Yes. He actually lives in a nearby pack." He told me.

"He's my mate." I admitted and his eyes widened in shock.

"Do you know what they will do if they figure out a Lycan us mated with another? If you get preganant by him you will have the most powerful werewolf on this planet! It is rare for werewolves to be mates to another wolf ever since the Epidemic..... we have human mates." He told me.

"Are the guys after me a special wolf?" I asked.

"Yes, they are called Jägers which also means hunters. They are normally paid by supernaturals as a hitman job. Tracking down certain people and murdering them. They also have their own guard dogs called Blood Wolves. They are the oldest species ever to walk the Earth. They are immortal, unless physically killed. In human form they wear black suits along with sunglasses, appearing to be government agents." He told me. I've seen them before. Oh god. I think I'm gonna be sick. I swallowed it down and stared at them.

"You need to stay with your mate. Don't leave his side." He told me.

"I'm gonna call him now." He took out a phone and after a couple beeps, Chester answered.

"Uh, Alpha Jason isn't available." Chester said. In the background, I could here growling, things breaking and yelling.

"Chester can you get him on the phone?" I asked.

"His wolf is going crazy! Why did you leave? He's tearing everything up ever since he woke up and you were gone." Chester said in between breaths.

"Can you get him on the phone?" I asked. I heard shuffling and an angry voice on the phone spoke.

"What?" He growled into it.

"Jason..." I let out a sigh of relief.

"Kitten, is that you?" He asked.

"Yeah, I'm at my father's house. I had to see him." I told him.

"I'm coming." The line went dead and my parents stared at me with shocked faces.

****

When the doorbell rang I opened it and Jason picked me up. "I was so worried about you Kitten." He said.

"I'm fine, It's okay." I assured him.

"I thought he took you." He muttered.

"Who took me?" I asked.

"No one-"

My dad cut him off, "We have alot of talking to do." Jason sat down in one of the chairs and I laid my head on his shoulder and fell asleep...

Authors Note

I tried to make it longer than usual. So Cat's a Lycan..... Or half Lycan. *Evil laugh*

Tiffany's Mom

~Chapter 15~

I woke up and snuggled into Jason."Your awake" Jason stretched. "Yep" I said. "I....I gotta go see my mom.....my *fake* mom" I said. "You sure?" He asked. I nodded. "Jay...." I started. "Humm?" He asked. "Do you know anyone named Ryder?" I asked."No" He replied. I nodded, "He.....he's the one. In my dreams. I don't know why but Tiffany's mom is in my dreams to" I told him. "Maybe we should ask her" He offered. "Yeah, sure.....but... what happened to your dad?" I asked. He became tense, "He was killed in a rouge attack" He said. "If your a Lycan...does that mean that your mom or dad was?" I asked. "Yeah,my dad. That's why the rouges....killed him" He said. I nodded and I went into the bathroom for a shower.

Once I was finished I put on a quick outfit which consisted of shorts and a crop top. I threw on random sandals and followed Jason to the pack house. We went through a maze of doors until Jason opened one and I saw Tiffany's mom. She was dressed fancily and Tiffany was too.

"Alpha,Luna.What brings you here? " She asked. "I wanted to talk to you about some stuff" I explained. She nodded and I sat down in a plush seat. "Tiffany go fetch some tea for me. Would you like any?" She asked. "No thank you" We said politely. We nodded and Tiffany left. "So..." Her mom raised an eyebrow.

"Do you know anyone named....Ryder?" I asked. She stiffened, "Yes. Back in the day when your father was alive.I was just a 20 years old and learning new spells." She started. "Spells?" I asked. "Ah, yes. I'm part witch and wolf" She said. So Tiffany is a witch?

"Well, as I was saying, your father got into a war with the Shadow Fur pack. Your mother was pregnant with you at the time-"She said pointing at Jason,"Anyways, Ryder won and instead of killing the entire pack, he made an offer. He said that since his mate was pregnant with his unborn son, then if he had a daughter, she would marry him." She told me."But why can't he wait for his mate?" I asked. "Because he knew the child would have Lycan blood. He wants his family line to stay strong" She told me.

"Why do you have an interest in Ryder anyways?" She asked. "I...may I speak to you alone?" I asked.Jason gave in and decided to wait outside. "It started after you all moved here. I was being

watched by some figure with grey eyes and then dreams. There were familiar bodies everywhere and the man with Grey eyes would bite my neck and my stomach would grow.But in the background I see Red eyes. They watch and everytime the figure with Grey eyes bit me, Red eyes would grow. As if he was more powerful" I told her. She gasped and stared at me shocked. "Those dreams....do they...do they feel fake or real?" She asked. "They feel so real.So very real and I can't stop it" I spilled.

"The dream is showing Ryder's son mating and marking you after a war. Then you carry his pups"

"Wait.....I thought you can only get pregnant by your mate....how?" I asked. "The only way to break your bond with your mate is a witch. But only if both of them agree" She explained. "Oh...so if you have a broken mate bond then you can bear another man's child?" I asked and she nodded. "Correct"

This is alot to soak in. "Thank you so much" I hugged her and she said goodbye. I embraced Jason when I left. "Kitten you know you can tell me anything" He said. "Yeah. I do. It's just it was sorta private." He nodded in understanding and we left to go to *her* home.

When we got there I opened the door and was attacked by Autumn and William. Do I still call them my 'family'? I hugged them back and my mom came. "Cat your home"She said. "I know you know" I said. Shock came over her but she hid it quickly and we sat down. "How long have you known?" She asked sitting Autumn on her lap. "I talked to my *real* parents yesterday"I put emphasis on 'real' so she got the point. "I know and I'm sorry Cat. We had to protect you. I couldn't tell you then you would be in danger. That's why they told me to do it when you turned 20" She said. I sighed and hugged her. "It's fine. You made a promise you didn't want to break." I told her and she sighed, relieved.

"I'm sorry" She apologized. "No need" I told her. Jason stiffened in his seat, his eyes glassy. Mindlinking. His eyes turned pitch black and he shook in anger. "We need to go Cat" He growled. "Wait,I want to talk to my mom a little more" I whined. "We're going *now* Catherine" He growled and picked me up and threw me over his shoulder and walked towards the car. I let out a shocked yelp and flinched at the same time from the use of my name. "Why are you being such an asshole"I growled then coughed. Did I just growl? He put me in the seat and got in on the other side.

He didn't seem to notice my 'growl' and he spokw,"You need to listen the first time Catherine" I sat in the car and let out a shaky breath. *Don't cry. Don't cry.* I hate it when he uses his alpha voice, it's scary and demanding. I turned towards the window and the tears fell freely. "Kitten I'm sorry" He put his hand in mine and

squeezed."A rouge escaped and I just can't take losing you" He sighed and kept driving.

"It's....it's fine" I said. He kissed my tear away,then kept his focus on the road. When we got home I decided to relax on the couch while Jason went to do pack stuff.

Jason came home early and embraced me. "I missed you baby" He muttered."Me too" I said. He chuckled and grabbed my chin. Kitten we never actually had a normal relationship so..... I wanted to ask you..... Do you want to maybe..... go out on a date tonight?" He asked.

"Of course!" I kissed him on the cheek and planned on calling my best friends to help me out.

The Date/Elemental?!

~Chapter 16~

"You like good! Now go!" Mariah ushered me forward with a frustrated expression. They dressed me in a strapless dress. It flowed to my feet and had a silver belt around the waist. They also put my hair in a fancy bun.I opened the door and saw a long, black limo.Jason was leaning against it and when he saw me, his eyes turned golden and he stood in front of me in 2 long strides.

"You look perfect" He said holding out his arm.

"Shall we?" He asked.

I linked mine in his,"We shall" He helped me into the limo and we talked most of the way about random and teenagy stuff.

We stopped in front of a very fancy restraunt. He helped me out and went up to the counter once inside, "Reservation for Kingston" He said. The man looked through the papers and spoke, "Ah, Mr.Kingston.Follow me" We followed him up stairs until we reached the top and he bowed while stopping at a table that was nicely set. Jason pulled out a chair and I sat and he pushed it back in. He sat across from me. "I love it" I gasped looking around. There was a wonderful view of the city below and everything was so elegant and beautiful. There was a stage where a man sang softly and some people danced to the music."I knew you would" He smiled at me and I grinned back.

We started to talk and when the bread came I only ate a couple bites. I ordered the chicken salad and Jason ordered the 5 oz. steak with mashed potatoes and green beans. When we finished eating he brought me to the dance floor.

"L is for the way you Look at me.
O is for the only one,I see.
V is very very, extra ordinary.
E is even more than anyone that you adore and
Love is all that I can give to you
Love is more than just a game for two
Two in love can make it
Take my heart and please don't break it
Love was made for me and you
L is for the way you look at me
O is for the only one I see

V is very, very extraordinary
E is even more than anyone that you adore and
Love is all that I can give to you
Love is more than just a game for two
Two in love can make it
Take my heart and please don't break it
Love was made for me and you
Love was made for me and you
Love was made for me and you"

When the song ended we kissed slowly and then from the specialty from Jason:Bruno Mars Just the Way You Are, Count on Me, and Treasure played. I danced stupidly with Jason as it played and when we were finished, he picked me up bridal style and placed me into the limo. I giggled uncontrollably and he pecked me on the lips. "I love you" He whispered in my ear. "I love you too"I replied grinning stupidly.

When we got home I clung onto Jason because I was freezing cold. He handed me his jacket and I put it on. He wrapped his arms around me and kissed me again.

"You're the most perfect person in the world" He told me.

"You've met everyone in the world?" I teased.

He grinned and leaned in. "You *are* my world. My everything"

He sealed it with another kiss.

Best.Night.Ever.

..*.*.*.*.*.*.*.*.*

I woke up and looked at the time:10:00.I groaned and got up for a quick shower. I don't feel like going out today but I have to help out Cole. I put on a quick outfit and I got out a pen and paper to write a note. "You are *not* leaving." He said. "I have to go visit my mom and dads house. I still have to ask them about.....my.....powers" I half lied. "Then I'll go with you" He told me. "No! You have work. I will be fine.I promise" I told him. He sighed, "Your right" "Okay.Bye" I gave him a quick kiss then drove out in his amazing Ferrari.

When we finished taking out some of his moms stuff, I left and drove to my parents' home. I knocked on the door and my mom hurriedly pulled me in.

"What's wrong? " I asked. "Jägers." She whispered. "Sweetie why are you here? Jason has to be here. They are after you. You need to leave" She whisprred. "No mom. I wanted to ask about my water powers" I told her. "W-water powers?" She stuttered while looking at me.

"Yes. I....have water powers" I told her. "You can't let anyone know or you will be in more danger than you can imagine. People

will use you. They will want to.....to.....breed with you. If they did it would be the most powerful wolf baby.Your an *elemental!* " She gasped. "An elphantal?" I said.

"*Elemental.* There are 4.Water,earth,air, and fire" She explained. "You need to leave now but act cool about it. They are going to follow you so pretend you don't know and get in your car as fast as you can" She told me.I nodded and walked out the door and saw them.

They were the same ones that followed me home.I walked to my car pretending not to know and they started running. I started to get nervous and ran inside my car. I took out my phone and dialed Jason's number. "Kitten, are you okay?" He asked. "Jason there are men outside and..." Tears started spilling out of my eyes and the window to the car smashed and I saw Grey eyes. I couldn't see his face, only his eyes. I screamed loudly and called for Jason to help me but Grey eyes smashed the phone into pieces. He put a needle in my arm and hit the back of my head with something, then everything went black.

Grey eyes marked and mated me!

~Chapter 17~Grey eyes marked and mated me!~

I woke up chained to a dark cell. I had to squint my eyes to see what was going on. "Your awake"Many voices said at once. "Who-who are you?"I stuttered.

"Who are we?You know who we are! WE'RE YOUR READERS GOD DAMMIT!"

"Oh so I'm a bitch for not updating?"I snapped at them

"YES! YOU LEFT US HANGING! WE'RE GOING TO TORTURE YOU UNTIL YOU UPDATE THE NEXT CHAPTER!"

"What kind of readers are you?!"I shouted.

"The ones that will torch your ass if you don't update"

****

This is not an update at all. I just wanted to tell you I won't be updating in a while so yeah!

And I just named the chapter that just to scare you guys! <3

Kidnapped

I didn't reach the 100 vote limit but I did get over 700 reads so me being the nice person I am decided to update twice. This is a thanks to ALL of my readers! <3

~Chapter 17~

The back of my head hurt. I touched it only for pain to shoot throughout me. I flinched and sat in the corner of the cell, away from the guard. My ankle was chained to the wall and I hated it. "Your awake" A voice spoke. I stayed silent, hoping Jason would save me. *Jason please save me. I'm so scared.* A tear fell out of my eye at the thought of never seeing him again.

"Hello darling"A man with red eyes came into view and tears spilled, "R-Ryder?" He chuckled, "I see you know me. You *are* as beautiful as my son has told me"I couldn't see him, only red,cold eyes.

"You will make an excellent Luna for our pack"He added and I flinched thinking of mating with someone other than Jason. "Please. I just....I want to go home"I pleaded and he chuckled, "This is your home Catherine"I started calling out to Jason and Ryder connected his hand to my cheek. I hissed at the pain while cupping my cheek.

"Don't you ever call out or say his name.You will not disrespect me,or your *mate*"He growled. "But Jason's my mate"I whispered and he kicked me. "No precious. My son is your mate and you will greet him as sir and I will be Master. Understand?"

"No, I'm not calling you that!"I yelled and he punched my jaw. I spat out blood and he spoke again, "Understand?"I shook my head and he slapped me again. "Understand?"

"N-No"I replied bravely and he connected something silver to my hands and stuck a needle in my arm. He injected me with a purple liquid and hung my hands above me. "Understand?"He growled. "I'll never do shit for you!"I yelled. He took out a whip and ripped my shirt off.

I felt disgusted and wanted to kick his ass but everytime I tried to use my powers, my hands would start burning. He struck me with the whip repeatedly. I screamed at each hit, still not wanting to give in. He then began beating me senseless and everything was blurry. Black spots clouded my vision and I blacked out.

(♡'□'♡)

I woke up and my body stung. Any sudden movements were painful. I pretended to still be out like a light and tried my powers again. The burning sensation wasn't as bad and I could use them but it would take alot of energy.

"I see your awake"I different voice said. "Fuck.You"I replied spitting out blood.

"That's no way to greet your lover, *Catherine*" He put emphasis on my name and I wanted to spit in his face. Wait...Lover?!This guy must be crazy!

"L-Lover?" I choked. "Yes, indeed. But first what would sex do us good unless we broke the bond" He said. "Come here darling" A girl walked up.She looked familiar but I didn't see her face because of the Black cloak she wore. She started speaking in Latin and I felt something weaken inside of me.

"Now, let's get that mutt to accept" He dragged me into a white room and turned on a camera.The image of Jason popped up and he looked relieved to see me. "Kitten" He spoke. "J-"I was cut off by a loud smack and a stinging in my right cheek. "Don't say his name" He hissed.

"You son of a bitch I will fucking kill you!" Jason growled. He chuckled. "Jason you won't be finding me anytime soon. Once I marry,mate and mark her she will be mine and only mine" He said. Jason growled even louder.

"I'm not accepting,you jackass" He growled. "Really? You won't? Bring her in!" Grey eyes growled. A bloody girl with blonde hair and blue eyes came in. "Melody?" Jason gasped. "I thought you...." She cut him off. "Jason! Please help me!"She cried. I felt my stomach twist in jealousy. "Ah, you haven't told her about Melody, have you?" Grey eyes had an evil grin on his face. "You bastard!" Jason yelled.

"You see Cat. Melody is Jason's mate" He said speaking slowly.

"Well, not his true mate but they claimed to be" He said. Jason was getting more pissed every second. "Shut up!" He shouted but he continued, "They mated and he marked her. He planned to reject his true mate for Melody but she supposedly died in a rouge attack." He watched my expression change from jealousy, to anger, to pain.

Tears brimmed my eyes. "Kitten it's not like that. I was young and stupid" Jason cut in. "So it did happen? You only like me because I look like her dont you?" I asked but my voice was dry and raspy. The tears fell down freely. "Baby, it isn't like that. I forgot who Melody was when I met you" He said. I could see guilt clear in his eyes.

"No no no Jason. You have a picture of her on your desk still, don't you?" He asked. "No. I don't. It's a picture of Catherine" He

corrected. "Jason.....you promised me" Melody kept saying. She glared at me. "Just accept it Jason. We can start the family we wanted" She added.

"Catherine, he doesn't love you. He is using you" Grey eyes said. Everyone spoke to me at the same time but I couldn't help it. "SHUT UP!" I shot water our of my hands and pushed them against the wall. "Shut up! I hate all of you!" I froze the door handle and broke it off.

When I got outside, I shot water out and anyone in my way. I ran and ran until I saw a car. I hot wired it and drove. I didn't know where I was going but I sure as hell wasn't going home. All of a sudden, the earth pushed me out of the car and I landed in the grass gently. At that time, 2 large trucks, 1 coming from the front, the other from behind came full speed at the car and crushed it.

Your Alive?!

Second Update \(ö)/
(Unedited)
~Chapter 18~
Jason's POV(3 days later)

3 Fucking days. *'This is your fault! You should have protected her better!'* Jackson growled at me. I didn't reply because he was right. Cat had been missing and no one knows her whereabouts.People think she got in the car accident and the Jägers took her body, wiped the blood, killed her, then buried her. My wolf went crazy and so did I. I'm going to Fucking kill whoever is behind this. "Jason" A voice whispered. "Fuck you" I spat at the person, without looking. "Jason" The person said again.

I turned and saw her. "Kitten" I wrapped my arms around her but there were no sparks and my wolf howled in pain. "You aren't Catherine" I pushed her away. "Jason, baby it's me Mel" She said. "Get.Out" I ordered in my alpha voice and she obeyed.

I wish I could go get her back but her scent isn't anywhere. I smelled watermelon and followed it to her. I went bizzerk.

Cats POV(3 days earlier)

I stared at the smashed car with wide eyes. It was Jägers,more specifically,the same ones that followed me home. Chewy and Skull.I turned back to the forest where Cate stood. The *real* Cate. The one I *thought* died. She waved her hand, motioning for me to follow and I did. It was a 10 minute walk in silence. I didn't speak do to the fact that Cate was alive and those men nearly killed me. She stopped in front of a wooden cabin. I followed her inside and sat on the couch and she sat across from me. "H-how did you" I was cut short. "How am I alive? Or how did I know you were about to be killed?" She asked. "Both" I replied in a shaky voice. "Well mother nature came in contact with me after the 'accident'she sorta brought me back from the dead and my mom thought they lost my body so it was a closed casket. Mother Nature told me I'm 'daughter nature' so I know about everything. Werewolves, vampires. I know about Lycans, Jägers, mates and so forth and I have been watching you. I saved your life." She explained.

"So.....you can change the weather and stuff?" I asked. "Yep. But great power comes great responsibility" She said in one breath. "Is

this where you live?"

"Yup"

"So you know about elementals?"

"Duh"

"So...my powers, Mariahs powers, Shelby's powers, and your powers have to do with the elemental stuff?" I asked.

"Yup."

"I'm sorry. We all promised not to use our powers after you died but I did" I hung my head in shame. "Pish posh Cat. You can use them whenever you like" She said. "Wait if you've been watching me.... you know about my mate and everything going on?" "Yup" She nodded. Okay..... "So can I stay here?" "Yes"

I flinched as the pain from the whips made me groan."Let me clean that up"She said.I laid on my stomach which kinda hurt due to the fact that I was still shirtless.She started to clean my wounds and said they injected me with Wolfsbane.

Cate was there for me throughout the days.

(3 days later)

I sat on the couch waiting for them to come. This was the longest I had been away from them and I hated it.

Knock! Knock!

I ran to the door and opened it. Mariah and Shelby tackled me in a bone crushing hug. "Cat we missed you so much" They said in unison. I hugged them back, "I missed you guys too" I motioned for them to come inside and they obeyed. "So....what's going on...at home-I mean the pack?" I asked. "Jason is going crazing. He calls everyone Cat and his wolf is *insane!* You have to come back soon, the pack is going to fall apart.It would have already if Chester and Rick didn't take over" Mariah and Shelby explained.

"I just....don't want to face him,or anyone for the matter"I said. "Melody and Tiffany are going on some type of war for his love but he only growls at them to leave.Wheres Cate?" On cue, Cate came in. Her Grey eyes sparkling with love at us. "YOU GUYS ARE HERE!" She squealed hugging them. I giggled at them and we went in one group hug. "So did you guys ask her about elementals?" I asked.

"Yup. I mean it *is* kinda cool being able to control fire" Mariah shrugged and Shelby nodded.

"And air" Shelby added.

"Okay back to buisness" Cate tossed me a phone,"Call him don't worry he won't be able to see the number. You need to assure him that your okay before his wolf takes over and the pack falls apart" Cate said. "I don't want to go back there" My voice cracked near the end. "You don't have to. Just call him. We'll be right by your side."

Shelby gave me a side hug and I called his number.

1 ring.

5 rings

No answer.

I tried again and on the 3rd ring someone finally answered.

"Hello" A deep, broken voice asked. "Jason?" I whispered into the phone, unable to speak higher. "Kitten is that you? I swear to god if it isn't-" I cut him off. "Yes.Its me Jason" He became quiet and then he started to freak out. "Kitten I'm so sorry. Where are you? Are you hurt? What happened?Baby,im so sorry I promise I never even remembered who Melody was-" I cut him off with the tears pouring out. "Jason I'm fine and I'm being taken care of.I just need time. I keep trying Jason. I keep trying to fight for you but something gets in the way and I need a break. I'm done" Cate squeezed my hand reassuringly. "Can you come home?" He asked. "I'm sorry Jason but we need to split up. I just need time to think and if you can move on then....do it"The tears were becoming more frequent.

"Kitten please don't do this" He told me in a pained tone. "Jason I'm sorry. I have to." I hung up and started to cry on Cate's shoulder with Shelby rubbing my back and Mariah whispering soothing words in my ear. They were the best people I knew I could count on.

My *sisters*.

Time Apart

~Chapter 19~

Jason's POV

I listened to L-O-V-E on repeat while staring a the picture of Cat that was on my desk. The song we listened to on our first date. "Dude can you turn that off? I know your suffering major mate heartbreak right now but could you at least tone it down a notch?" Rick asked. "You look like shit" Chester commented. I ignored them and stared at the picture. "Whatever bro,since the girls are gone we decided to to go out to the club.We have to leave for the Alpha meeting tommorow man and you need to get your shit together, mate or no mate you *have* to go and you know it" Chester said."Where the hell are Mariah and Shelby going that makes it so much less important than finding their best friend?!" I shouted ignoring the meeting. I wasn't ready to even think about that.

"They said they were going to-"Rick cut himself short. "Well she sorta didn't tell me" Rick rubbed the back of his neck. "They'll be back. It's hard to resist the kiss treatment.Damn" Chester shivered in delight and jealousy shot through me. "Leave. Now" I ordered in my alpha voice and they wasted no time in leaving.

"DAMN IT!" I yelled smashing my fist into the wall, and then my desk.Princess and Dexter rushed in barking at me as if saying, 'What the fuck man!?Tone it down!' I growled at them making them whimper away. "FUUCK!" I shouted at the top of my lungs while repeatedly hitting the wall.

-2 hours later-

I looked around for the guards I assigned to find Cat. "Did you find her?" I asked. "N-no alpha" Sam hung his head in shame and Phillip looked like he would piss himself. . "Leave you useless shits" I growled at them and they left. I took another swig of the vodka and stumbled into Rick and Chester rooms. "Dude...are you....are you drinking?" Rick asked. "Fuck you" I spat walking out and going to the females hall,to get to my office. I heard murmurs with Cat's name in it and put my ear to the door.

"I hope Cat decides to at least give him closure so he can stop being a dickwad.Maybe we should go over and talk to her so she can clear it up" A female voice spoke. "Yeah but he did hurt her...She really doesn't want to see him.She feels used...." I broke

the door open to see Mariah and Shelby. "You bitches! You know where my mate is?!" I barked grabbing their throats and holding them up. "Where.Is.She?" Rick and Chester came in and moved me off of them and started punching me. "Dude you need to stop acting like this. She's my mate!" Chester growled, on the verge of shifting. "They know where my mate is! I deserve to know!" I shouted at them.

Mariah's eyes turned red and fire shot out of her hand and cupped my arms, it pinned me against the wall. "I will *never* tell you where she is.Fuck.Off.You don't deserve her you worthless shit! She gave up when you didn't bother to kick that sluts ass out of the pack" She hissed. "Riah calm down" Shelby put a hand on her shoulder and her eyes turned back to their natural brown and the fire dissapeared.

Cat's POV

I walked through the store isles and spotted Chewy and Skull. Skull was buying a pack of ramen noodles and Chewy was looking around like a perv. I wasted no time in darting out of there and running through the woods and into the cabin. "Jägers at the store" I said to Cate while taking in deep breaths of air. "Good thing you made it out alive" She gave me an awkward side hug."Yeah....any news on Grey eyes?" I asked. "Well uh... I figured out his name is Logan Anderson and.... he's sorta..... he may or may not be my brother. "

Mate Bond

~Chapter 20~

"And you know this how?"

"Well, he has moms Grey eyes, and her hair. He has pretty much all her features and I went through a bunch of books just to figure it out" She told me."Wow." I replied breathless. The words I tried to say died on my tongue and I stood there like an idiot.

A massive pain struck me and I stumbled to the ground screaming.Cate ran by my side, "Oh my god! What's wrong?" She asked. "Pain" I whimpered while clutching my chest and screaming. "It.....hurts" I wheezed. "Cat I'm gonna go get someone to help ok? Stay right here" She ran out of the house as I screamed in pain.

Jason's POV

I sat in my office thinking about Cat. I miss her touch, her smile, her laugh. My wolf howled in my head. '*What is it Jackson?'* I asked. '*Our mate is in pain*' He growled.

I fell on my hands and knees and felt fur sprout and heard the cracking of my bones. '*Being away from us is killing her. The mate bond is killing her!'* Jackson said. Next thing I know,im in my wolf form and howling loudly."MARIAH! SHELBY!" I heard someone yelled, they were in a hurry.

'*Alpha someone took down the territory guards. She is a female. We think she is the earth elemental'* A guard mindlinked. "Cat!....she....pain" I ran out the door and towards the voice. I growled at the girl with brown hair and grey eyes. "Please!It's Cat! You have to help her. I think it's the mate bond." She told me. "She's in the woods by Wilkson road. Keep going straight then you'll catch her scent" I dashed out of the house and towards my mate.

Don't worry Kitten, I'm coming.

Cats POV

I let out another pained scream and I felt like my heart was being ripped in half. I was on the floor trying to breathe while screaming which is a very painful process may I add. Due to the fact that my heart was being ripped in half.The door flew off the hinges and a guy came in. He wrapped his arms around me and the pain lessened. "It's okay, I'm here" The voice whispered while carrying me. It was a voice I had been missing for days.

My eyes blurred with tears fighting to be set free but I held them

back. In about 5 minutes of sil3nce and my whimpers,we finally reached a familiar home and I was brought up to our-his room.

He put me on the bed and held me close.The tears finally fell and I shoved him away, while cowering in the corner like an idiot.

"Kitten"He spoke in a soft tone trying to touch my arm but I flinched back and hurt flashed in his eyes. "Baby,please" His voice cracked a little. "Did you....did you use me because I looked like her?" It came out in a dry whisper.

"No Kitten. I promise I didn't use you. I love you" He wrapped his arms around me tightly and kissed the top of my head. "I promise"He kissed me reassuringly and I smiled weakly. "Jay.....I....love you" I said it lowly I wasn't sure if he heard. "I love you too Kitten" He hugged me tightly. "Don't ever leave me again" He whispered. "I wont" I mummbled and kissed him again.We soon fell asleep in eachothers embrace.

Goodbye

Cate on the side
~Chapter 21~
Cats POV

I woke up the next morning with a smile on my face. I hadn't smiled in along time.I did my bathroom buisness and brushed my teeth, hair, and washed my face.I then heard our doorbell go off and ran downstairs. Brushing the curtain aside,I saw my favorite people. I opened the door and they came in. "So did you guys make up?" Riah asked. "Yup" I grinned at them. "Good.He hurt my sister,and if he does it again I'm gonna burn him"

"After I deprive him from air"Shelby beamed happily

"And then I'm going to bury him" Caitlyn added.

I rolled my eyes at my friends.

"Oh yeah, guess what!?Cole's my mate" Caitlyn said hugging him. "Yep" He popped the 'p' and grinned lovingly at her. Jason came down without a shirt on. "Hey!Those yummy abs are for my eyes only" I covered him up with a blanket. He chuckled and kissed my forehead.

"Awwww" My friends cooed. "Jeez first you threatened to kill me and now your awwing over us" Jason scowled playfully and Mariah grinned. "At least Catcake is happy. That's all that matters"I hate that nickname. "Oh really, *Buttercup*" I teased using her nickname. Shelby snickered, "Hush *Bumblebee*" Mariah said. "Hey what was my nickname again?" Cate asked. "*Bubbles*" We said in unison. "Oh yeah! It was the day of my 6th birthday! You guys bought me a large bottle of bubbles and I attacked you guys with it" We started a round of laughter.

"And Cat was OBSSESSED with her famous cupcakes that she named Catcakes" Mariah said.

"And you were addicted to the power puff girls" I retorted.

"And I got stung by a bee" Shelby pouted like a little kid and we all started to laugh again. "Those were the days" We said in unison.

Jason snaked his arms around me and inhaled my scent. "So perfect"I heard him mumble.I grinned and pecked him on the lips.His eyes turned foggy which meant he was Mindlinking and he frowned. He growled and wrapped his arms around me. "Mine" He muttered like a little kid."What's wrong baby?"I asked cupping his

cheek. "There's a alpha gathering seven states over and we have to leave tonight" He said. "We?" I asked. "Me, Chester and Rick. It's only for Alpha's, Betas, and Deltas in the United States"I frowned and wrapped my arms around him. "I promise I'll be okay. I'll stay at the pack house with my sisters" I said. He still seemed hesitant but still nodded.

+_+

He wrapped his arms around me. "It's taking everything in me not to get in that car" He mumbled."Well you'll only be gone for a week. I promise I'll be ok"He inhaled my scent again. "I'm going to miss you so much.Dont go near any other male" I giggled and kissed him passionately,"I promise" We sealed it with a long goodbye kiss and he grabbed his bags and entered the limo.

I grinned and waved at him and I stood there until he wasn't in view. "Let's go inside" Cate suggested. We all nodded and went to our room. "I miss him so much" I whined. "He was only gone for 2 minutes. I can tell this is going to be a painful week. " Cate said.

Little did she know it was going to be very, very, painful.

Heat

~Chapter 22~

I tried to sleep but I missed Jason's touch. I grabbed another one of his shirts and wrapped myself in it. I made a cover out of a bunch of his shirts trying to let his scent help me sleep. I had about 10 of his shirts on and 30 of his shirts covering me. I inhaled his scent but still found no sleep.

(º □ ºѡ)

I sat up sweating like crazy. The girls were talking and I was sweating my ass off. "Is it hot in here or is it just me?" I asked fanning myself. "*Cat*cake, it's freaking 30 degrees due to werewolf warmth" They looked at me weirdly because I was sweating like crazy. Out of nowhere, pain hit me and I screamed loudly. "JAAASSSOOONNN!" I screamed.I wanted his touch. I *needed* his touch. I screamed even louder and the girls started panicking and yelling for a doctor. "Jason!" I screamed again.

I walked out of the door and every males' attention snapped to me and they growled. One pinned me to the wall and I moaned. "Cat what are you doing!?" Mariah yelled. She shot fire at the guy and he let me go. "JAASOOONNNN!" I screamed as my skin started to go on fire and I gasped for air. "WE NEED A DOCTOR!" My friends kept yelling until Dr.Drew came in. She put me on the wheeled gurney and pushed me into the pack hospital. I moved around and went insane. "JAAASOOOON!" I yelled again. "What.....is happening....to me?" I asked. "Luna, your in heat" She said. "I don't know what it is but I don't like it!" I screamed at her. She went on the elevator and pressed H.

There were a bunch of doors and finally a room that said. 'Luna' She opened it and there was a room. "How come I didn't get a normal room?"I asked. "Luna's go through a very painful heat. Your room has to be secured specially" I nodded and she left after telling me what to do.

(º □ ºѡ)

3 hours. 3 Fucking hours and Jason isn't here! I can't sleep or shower because the pain intensified by water and the pain was too much for me to sleep and I needed Jason. "JAAAAAAAAAASOOOOOON! WHERE IS HE?"I shouted through the intercome.

"I'm sorry Luna but his phone isn't working and we are trying to contact him. If his wolf can sense your pain then he will know" I let out another cry and the door opened revealing Melody.....and she wasn't alone.

Jason's POV

I tried to sleep but ended up tossing and turning all night.Something was up but I couldn't figure out what it was. "Wake up!" Chester and Rick yelled while splashing water on me. "Dude, what the hell?" I yelled. They snickered, "Couldn't sleep, could ya?" Rick teased. "Whatever man. I think you broke my phone" I said trying to turn it on with no such luck.

"We gotta go to the meeting man" Chester said. "Yeah, I know" I quickly threw on clothes and we got in the car, I can't wait for this week to be over so I can go to my lovely mate.

Cats POV

"Hello Cat, this is John, John Cat"She said in a sickly sweet tone.The guy growled and pushed me against the wall. His eyes were pitch black and I was starting to become cooler."Have fun"Melody purred.She walked out of the room and John pressed his lips against my neck. I couldn't help the moan that escaped my lips. "Mine"He growled while trailing his hands down my leg. It felt wrong but right at the same time.

"Luna it's time to eat-"Someone dropped something and our attention snapped to the nurse who dropped my tray. "Who let you in?"She growled. Her eyes got foggy which meant she was linking someone and John growled at her. Soon, a bunch of soldiers came in. They must have mated so I had no affect on them. "Step away from Luna Catherine"One said. The man dropped me and I started screaming in pain. They escorted John out."Who let him in?"The nurse asked cleaning up the mess she made. "Mel-Melody"I choked out.

"Alpha won't like that at all. I'll get you more food"She exited the room and I lay on the bed panting like a dog."Jason"I said his name knowing he wouldn't be able to hear me.

~1 Week Later~

Jason's POV

I grabbed my bags and opened the door. A guard ran to me, "Alpha.... Alpha....Luna...."He took a couple breaths. "Where's my mate?"I growled. "Alpha another pack member tried to mate with the Luna. We locked him up. We tried to contact you but none of your phones picked up. We tried Beta Chester's and Delta Ricks. Luna's in the heat facility"I growled and ran inside the house. I used my werewolf speed to go to the pack hospital and clicked on the H button. I followed my mates scent and it got stronger the closer I

got and my wolf was going crazy.

"JAAASSSSOOOOON!"She yelled. I wasted no time in ripping the door off its hinges and running to my mate. She moaned as soon as we made contact. "Jason"She started to kiss my neck and she wrapped her arms around me.I growled at the scent of her arousal and carried her to our home,growling at anyone who tried to get near her. She was kissing me the whole time and ignoring her arousal was hard. I opened the door and ran into our bedroom.

(Warning:Sexual content.May be disturbing for some readers.Skip this chapter if you don't want to read)

"Jason"She moaned my name, oh goddess that was sexy. She pulled my shirt over my head and trailed kisses along my abs. "I'm here Kitten"I connected our lips and her grip on me tightened."Please, take me out of this pain"She groaned,"I will baby"I whispered in her ear. She moaned and I slowly took off my shirt that she was wearing.

I threw it across the room and she pounced on me and straddled my waist.She kissed me all over and I decided to take over. I flipped us over and trailed kisses to her neck. I teased her by sucking and kissing her soft spot making her groan, "Please just mark me"She whispered. I let my canines extend and I pierced them in her skin and she muffled a scream. I licked it for it to heal and she moaned my name.

I ripped her bra off and cupped one of her breasts in my hand.I sucked her hardened nipple and licked around it. I did the same procedure with her other breast and she moaned louder.

She flipped us over again and unzipped my shorts. She slid them off and I flipped us over once again. I kissed one breast and then the other and then slowly trailed down to her panties. I peeled them off and took in her beauty. I slowly slipped my tongue inside of her and she let out a loud moan. I replaced my tongue with my finger and continued to pump inside of her and she arched her back a little.I slipped in my other finger and pumped harder and faster and she moaned loudly.I took my fingers out and put them in my mouth. She tastes as good as she smells.

"Please"She groaned. She decided to take over and took off my boxers.Her eyes widened at my size and she lay back on the bed. "It hurts Jason,"She whimpered and I finally placed my self in between her legs. "You ready baby?"I asked her. "Please Jason"She groaned. I put my car near her garage and finally went in. "It's gonna hurt at first baby,"She nodded and bit her bottom lip trying not to scream.

When she relaxed and got used to my size,I slowly went inside of her. When she got used to it I went faster and faster "God, your tight"I moaned and kept going faster until we both reached our high

point and I filled her insides.

I laid down beside her and we could hear eachothers breathing.I wrapped my arms around her and pulled her closer.She laid her hand on my chest and her light snores filled the time afterwards. I kissed the top of her head and fell asleep.

Authors Note

They finished mating YAY! Lol sorry if it was kinda boring, I honestly suck at making sex scenes so my friend helped me out.

I hope you enjoyed this chapter and I felt very awkward typing the last part.This one isn't as short as the last 3!!!

The Mark

Shout out to BabyGirlXP for giving me the 100th vote!!! Thanks alot!!!!! <3

~Chapter 23~

I peeked an eye open, and then the other.I felt ***ALOT*** sore between my legs for some reason but ignored it. What happened yesterday?I was wrapped in Jason's comforting arm. I then realized that I was naked.

I scooted away and saw Jason was naked as well.Holy shit! I'm no longer a virgin!Memories from yesterday came back and I wanted to puke. I had *sex*!I felt like I was going to puke just thinking about it. I ran into the bathroom and emptied everything out. Everytime I thought about sex the more I threw up. I felt someone holding my hair back and rubbing my back comfortingly.

"Do you feel sick?"Jason asked. "Yes.....very....*very*....sick"I said going to the mirror. "Do you need a doctor? Does it hurt? Can you walk?"He went on panic mode and I shook my head, "I'm fine"I mumbled. "I need to take a shower"He nodded and I started to brush my teeth to get the gross taste out of my mouth.

I decided to avoid the sex thoughts because it made me want to puke even more. I turned on the shower and sighed in content. My muscles relaxed and I scrubbed extra hard to make sure I didn't smell like sweat and shame..... or what they call sex.

I wrapped a white,fluffy towel around myself and looked in the mirror.I saw something golden glimmering on my neck and I decided to get a closer look. I pushed my hair away from it and leaned in towards the mirror. There was a wolf howling at the moon with a powerful energy around him.

The Alpha's Kitten was glimmering below the image. It reflected the light and felt.....weird. Everything started to be come hazy and I stumbled back a little. There was a high pitch ringing in my ear and the smell of my watermelon shampoo and body wash became stronger. I closed my eyes because of the blurriness and covered my ears.

I stumbled into something and screamed at the top of my lungs. "Kitten!"Jason said. I slipped and fell onto his arms and he pulled me closer, "Whats wrong?"His voice echoed and everything became louder. "Make.....it.....stop"I choked out and I felt Jason running

somewhere. I felt something prick my bottom lip and something sharp on my nails.

I then heard howling and a voice inside of my head. I let out another scream before everything went black.

\(^o^)/\(^o^)/

I opened my eyes and saw Jason pacing across the room. I could feel his confusion and anger. I tried to make it stop but it wouldn't. He must have sensed me awake and turned to me. "Kitten"He wrapped me in his arms and I hugged back. I could smell his old spice scent but it seemed....stronger. "You put on too much old spice"I told him.

"I didn't put any on today"He told me. That made me even more confused and I knitted my eyebrows together. "The doctor said the mark.... it..... made you....have a....wolf" He said.

"What?"I asked. "This is very rare. Usually people are born human or wolf if they have a wolf and human parents. You were being a human but the mark it has something to do with my alpha blood but the mark gave you the characteristics of a wolf but you don't have one"I slowly nodded my head. "Everything is so.....clear"I looked around the room. My vision was enhanced and so was my hearing and smelling.

"This is scary"I placed my hands together on my lap and he sighed. "It's okay. I promise everything is okay and your well protected okay?"I nodded and wrapped my arms around Jason. "Alpha" A woman came in with a clip board. "Luna"She bowed respectfully and stood in front of us. "Luna everything is perfectly normal and you may leave"I nodded and Jason picked me up.

"You know I can walk?"I raised an eyebrow and he chuckled,"I like this better" I giggled and wrapped my arms around his neck. I had a blue hospital gown on and he growled. "No one should see you like this" I rolled my eyes, "Take me to Mariah,Shelby and Cate's room"I ordered. He walked me there and I opened the door. "Hey bitches!"I yelled making them laugh, "I see someone's out of heat" Shelby waggled her eyebrows at me and Mariah threw me a pair of clothes. I walked into the bathroom and changed.

"Awh you have cute mark"The girls cooed.I rolled my eyes, "Whatever"We sat on the bed and I practice my water powers. "Baby I gotta go pack work. Im having Mike guard you"Jason suddenly said coming into the room. I nodded, "Okay" A buff guy with a straight face came in and he had a funny looking face. I started bursting out in laughter. "What's so funny?"He asked with a boring straight face.

"You look so serious and funny"I stopped giggling and leaned against the bed. "It's my job Luna. I can't be fun"He said. "Yea you

can"I scowled at him and he kept a straight face. "Jeez Cat, he's a warrior. Warriors never smile"Mariah scolded me and I rolled my eyes. "He should smile."I pouted while crossing my arms. They rolled their eyes. "Whatever. I'm going to go with my mate"My friends left the room leaving me with Sir Buzzkillington.

I decided to explore the pack house. "Come on Mikey"I pulled his arm towards an unknown hallway. "It's Mike and where exactly are we going?"He raised an eyebrow still with a straight face.

"I'm calling you Mikey and we're gonna explore"I skipped through the hallways happily with Mikey following behind.I saw a door and opened it. "Luna Catherine, it's so nice to meet you"A woman chirped. I saw a bunch of kids in a circle and when they saw me they ran to me. "Luna!"They all yelled. They surrounded me with wide, expecting eyes. I smiled at them, "Hi" They all gasped as if I were their favorite pop star. "Luna can you play with us?"A little boy asked.

"It's fine Luna"The teacher smiled at me and I smiled kindly back. "Sure"I followed them to the carpet that had the ABC's on it and one suggested we play ring around the Rosey. That song is quite sad,its about the black death or whatever it was called where people died.

"Ring around the Rosey! Pockets full of poseys!Ashes,Ashes,we all fall down!"We dropped to the ground and everyone got a chance to talk to me. I enjoyed being around the kids and learned some of their names. I read stories to them and then the teacher explained it was lunch time.

I saw a little girl watching me with awe and shyness. I walked over to her, "Hello"I greeted. "Hi Luna"She said shyly. "What's your name?"I asked. "Bella" She replied. "Well Bella, why don't you join the other kids?"I asked. "I don't want to.They seem scary"She whispered. "They aren't scary, you might even make a friend. Would you like to eat with me?"Her eyes widened. "Really?"I nodded and she grabbed her princess lunchbox. "Can we eat outside?"She asked. I nodded and followed her outside. Mikey did as well but kept his distance.

She ate her sandwich and I ate the chips Mikey got from the kitchen and a sandwich. "Luna"She said. "You can call me Cat and what is it?"

"Your going to be pregnant with a baby girl" She said with a grin. "How do you know?"I asked. "I can see the future. Mommy says it's a gift"She giggled. "Oh, that's nice"I said secretly creeped out. "I know"She sat on the swing and I pushed her. "Higher!"She squealed. I went a tad bit higher until she wanted me to stop and I helped her down. "Luna Cat may I show you something?"She asked still not getting the Luna thing right. I nodded. She walked into the

woods with Mikey following.

"Luna Cat look. I found it 3 days ago with my older brother Damon"She pointed to the field that was filled with different flowers. "It's beautiful"She pulled me down to the ground and she began to make something out of the vines. She put it on my head, "It's a flower crown. Mommy taught me"She said. I smiled at her. She made another one for herself and put it on her head.

"Your the queen and I'm the princess"She giggled. I laughed along, "Your going to be a beautiful queen when you grow up" She smiled full of happiness and spoke, "I'm gonna be Luna someday"She hugged me and we ended up playing for hours. She picked a bouquet of flowers for me and they were lovely.

I felt someone watching me and saw Jason.He had a smile on his face and his eyes sparkled. "Alpha"Bella bowed to him and he walked towards us. "Hello"He said to Bella. "Hi"She said shyly. "What's your name?"He asked softly. "Bella"She giggled when he started tickling her. "How about you go inside Bella. Mike can you please escort her?"He nodded and left after I said goodbye. Jason wrapped his arms around me. "The Luna ceremony is tommorow"He whispered in my ear. "I can't wait to me at the pack...but it's still scary"I pouted."Your perfect"He pecked me on the lips and I wrapped my arms around his neck. "I know" He picked me up and I yelped in shock.

"What are you doing Jason?"I asked with a playful tone. "Bringing my perfect mate home"He said kissing my cheek. I giggled the whole time.

News

~Chapter 24~

I woke up naked again.Heat formed in my cheeks when I realized I had sex with Jason. "I feel so dirty"I whimpered. Jason sat up and kissed my forehead, "Then your my dirty little Kitten"He said in a deep voice. I frowned, not finding his words comforting.But at the same time a little turned on with his voice. Everytime he woke up his voice was deep. I giggled and got on top of him, straddling his waist.

"I love it when your voice is deep like that"I whispered in his ear. He growled and wrapped his arms around me. "Your going to be the death of me"He said. I giggled and kissed his neck. "At least you'll die thinking of me"I whispered. His eyes turned gold in lust and I smirked, "Is someone a little horny puppy?"I asked.

"I'm not a pup"He pulled me closer, "Fine then, you horny beast"I scowled at him and then stuck out my tongue. "I believe you deserve a punishment"He said suggestively.

"Hmmmm I don't think so"I ran into the bathroom and locked the door. "Your paying for that.....later"He growled. "I'm not paying at all,*Alpha*"I cracked the door open and saw he wasn't there. I ran to the closet and put on a bra, panties and threw his shirt on. "Speaking of which, the Luna ceremony is today. In a couple of hours"He said."That sounds.....nerve wracking"

"They already love you. I just want to introduce you to the *entire* pack properly." He explained. "I need to find a dress!" I started running into the bathroom. "Baby calm down. I'll inform the pack again just in case they forgot"He kissed my forehead and I ran into my closet once again and decided I didn't want to go to the mall so I took out a strapless dress. It was floor length and the top was silver with sparkles and the bottom was white. I went into the bathroom and took a shower. I made sure I shaved and scrubbed extra extra hard.

When I finished, I wrapped a towel around myself and did my makeup It took about 30 minutes to do my makeup because I kept wiping some away and redoing it. I put on the dress and silver heels to go with it. I put on a pearl necklace and matching pearl earrings.

It took about an hour 30 minutes to do my hair. There was a bump with a bang half covering my eye and my hair was curled and

went down to my waist. I looked at myself again and added a little bit more lipstick then opened the door.I went upstairs to feed Princess and Dexter then went to the living room where Jason had on a tux and he was struggling to tie his bow. I giggled and tied it for him. He was shocked at first and then he raped my body with his eyes that had golden flecks in it.

"You look perfect"He put his hand on the side of my face and I smiled at him. "Thank you"He kissed my cheek and I linked my arm in his. "Shall we M'lady?"

"We shall" We headed to the garage where the cars were parked. We walked to his farrari and he helped me in and got in the drivers side. We drove to the pack house and I bit my lip nervously and Jason squeezed my hand. "They'll love you. They already do." He assured.I nodded still unsure and he helped me out. We held hands and I squeezed it tighter the closer we got,not caring if I was crushing it.

I scooted a little closer to Jason and he opened the Grand doors. There was a bunch of people dressed fancily and clinking glasses. All the chatter stopped and the attention turned to us. My heart beat sped up and I grabbed his hand in a death grip.

"Hello everyone. I wanted to gather you all here to announce the official ceremony of accepting Catherine Daniels into our pack as Luna" He spoke in a sexy tone and I tried not to get aroused. "Catherine. Repeat after me"Jason turned to me. "I,state your name, promise to protect and serve my pack for as long as I live"

"I, Catherine Daniels promise to protect and serve my pack for as long as I live"

" To Pick right from wrong, pick us up when we fall down and keep all pack members safe from harm"

"To pick right from wrong, pick us up when we fall down and keep all pack members safe from harm"

"Everyone, Luna Catherine!"Everyone clapped and cheered and Jason grabbed me by my waist. "Kiss! Kiss! Kiss! Kiss! Kiss!"The pack members chanted,Jason pulled me closer and I wrapped my arms around his neck. We locked our lips and the sparks were very addicting. "I love you" Jason said breathless. "I love you too" The crowd cheered even louder and the music played. I met pack members from all around and we all made a toast.

I had never been to a ceremony like this but it was amazing.Melody and Tiffany glared at me whenever they got the chance. Someone wrapped their arms around my waist and whispered in my ear, "See, they love you"A grin took over and I turned around."They are very sweet" He pecked me on the lips and I wrapped my arms around his neck, "They'll never get over the

excitement of seeing their luna"He kissed my mark and I had to stop a moan daring to escape my lips.

"Okay love doves break it up" Someone said. I saw a Shelby Cate and Mariah. I ran to them and hugged them. "Hey girls!"I said. "Hello, Luna" They winked at me and I giggled. "Luna Cat," A sweet voice asked. "Bella!"I picked her up and tickled her stomach and she giggled. "Hi Luna Cat"She hugged me and I greeted her back, "Hey Bella, how are you?"

"Good! I made a friend in class. Her name is Zoey" "That's amazing sweetie, I knew you could do it" I put her down and she giggled again. "I know. Thank you Luna Cat." She said. "Your welcome" I grinned widely at her thinking of my own child. "Bella!"Someone yelled. "That's my mommy, bye Luna" She waved at me and I waved back. I watched as she ran into the arms of a woman that looked like an older version of her. I waved at them and Bella and her mom waved back.

I turned and ran into Jason's arms.He chuckled and wrapped his arm around my waist. "You okay?"He asked. I yawned and nodded, "Mhm" He kissed my cheek and then my lips. "Are you tired?"He asked. "Yeah, a little."I said leaning faints him and almost falling asleep. "Come on, let's go home"I grabbed his hand and said goodbye to the pack members. I sat in the car, but fell asleep on the drive home.

Jason's POV

After I finished dressing my mate I kissed her forehead and lay down beside her. She was sleeping peacefully with a light smile. She scooted closer to me and lay her arms on my chest. I wrapped my arms around her and got a link from Chester, '*There was a rouge on our land.And we have yet to deal with John'* He told me.

'*I'm coming now. Who's John?'* I asked. '*Forgive me Alpha, he's the one that snuck into the Luna's Heat chamber and attempted to mate with her if not for a nurse'* I growled at that,'*How did he get in?'*

'*Melody let him in*' I growled again at the bitch. '*I want John dead by the time I get there and Melody locked up. I'm coming over right now to deal with the rouge*' I blocked the link and kissed my mates forehead. '*Mike I need you to come over here now and guard my mate.*' I could trust him because he had a mate, '*I want Freddy as well*' He didn't have a mate Brut I could trust him.

I cut my mindlink off and threw on a shirt and pair of shorts. Mikey and Freddy were already at the door. "Alpha" They bowed their heads and I nodded at them.I ran to the pack prison following the putred rouge scent.

I entered the prison and got snarls,pleas,and yelling from rouges in the cell. I ignored them and spotted Chester and Rick. "Where is

he?" I used my alpha voice meaning I meant buisness."In here Alpha" They bowed respectfully and I entered the cell. The rouge was sitting on the bed with silver cuffs on his hands and ankles. "Stand" I ordered. He stood up, "Alpha" He bowed down to me and I was shocked for a second but covered it. "What is your buisness here rouge?"I growled. "It's Logan Alpha.Ryder's son.Alpha of the Raven Pack. He's planning a surprise attack after your luna"

Don't worry, I didn't forget you guys. School starts Monday and I have to focus on my grades and plus my Wi-Fi is acting up so I won't be updating as often. I am not abandoning you guys, I just need to make room for school and wattpad.....considering I have no social life. XD

Okay so I will update as often as possible!Dont forget I have a life..... or do I? <3

Weirdo

~Chapter 25~

"How do you know?"I growled not liking this one bit. "I was forced to be a rouge after my pack was attacked. I have been looking for somewhere safe ever since. I lived among my own pack with rouges. We weren't lone rouges. He offered us alot of money for your Luna. He is planning a surprise attack."

"Why would you tell me?" I asked.

"Alpha, my mate was stolen during the attack on my pack and I was to late to get to her and she was raped and murdered. Your Luna doesn't deserve that and your pack needs her. He plans it in four weeks on Wednesday. We declined his offer. His pack is too small to go for your pack so he asked other Alpha's like Alpha Cole of the Midnight moon,and Alpha Marcus but they think kidnapping anothers mate and Luna is insane so he went to rouges for help"

I growled thinking of him taking Cat, "Alpha I want to help you. I want to be your spy"He said."How can I trust you?"I asked. "Alpha like I said before. The loss of your mate is hard to over come" He said. "No one touch this rouge. Unlock his silver cuffs but keep him well fed and make sure he stays in the cell" I ordered my guards. "I'll think on your offer, *rouge*" He nodded respectfully and I exited.

Cats POV

I stared at Jason for a while and then thought back on the rouge. "So he wants to help? " I asked. "Yeah, I'm probably just going to set him free which is a big deal because all rouges that trespass die. I may make an exception" Jason shrugged. "He should help if he wants to" I explained. "But he's a rouge" Jasons eyes turned darker and I frowned. "But he wants to help and he gave you information"I said. "No" He growled. I frowned again. "I'm Luna and I have say on stuff whether you like it or not" I whined.

"Well,this is a bad decision. He's a *rouge* for fucks sake" He growled. I huffed and crossed my arms. "Fine"I turned away from him and he growled. "Kitten, look at me" I didn't turn to him and he sighed, "He's a rouge. You can't trust any rouge"He explained. "Yeah but his pack was attacked without warning! He didn't have a choice!"I threw my hands in the air and he groaned, "Why do you have to make it difficult?"

I decided to go with plan B.I wrapped my arms around him. "You

want me to go easier on you Huh?" I kissed his neck and he shivered in response making me smirk. I put my hand under his shirt and trailed my finger along his chest. "Let him help" I whispered kissing him on the lips. He layed me on the bed and kissed me,"No" He growled trailing a kiss down my neck and finally on my mark making me moan.

"Please?" I flipped us over "No Kitten, I know what your trying to do and it isn't going to work" I huffed and got off of him. He growled in response and I walked out of the door and to a guest room. "What are you doing?"He asked. "Ignoring you" I replied. He frowned and followed me to the bed. "Get out. I'm sleeping alone," I growled at him. Holy crap! I growled. "I'm sleeping with you" He replied. I ran upstairs and back to our room and locked the door.

"Baby please unlock the door"He whimpered."No. Let the rouge help" I pouted. "I can't Kitten" He groaned and I knew he was rubbing his temple. "You won't take my opinion as Luna"Tears fell from my eyes and I just felt like crying, so I just cried my eyes out. "Baby please unlock the door" He begged. I knew it was killing his wolf that I was upset and he couldn't do anything. "I'll let the rouge help" He said. I ran to the door and unlocked it. "Thank you!" I hugged him tightly and kissed him on the lips.

"You'll really let him help?"I asked. "Yes,I will" My stomach growled and I had a craving for cookies."I'm gonna make cookies!" I ran downstairs and took out the ingredients for cookies. Yum.

٩(๑•▽•๑)۶

I stared at the burnt cookies on the pan. "I don't know what happened. It said turn to 350°" I whined. "You just turned the knob to the highest point" Mikey said with a straight face and Freddy started laughing. I pushed out my lower lip and tears welled in my eyes. "No.....don't cry" They went into panic mode and I started to bawl like a baby,"What's wrong?"Jason came downstairs and wrapped his arms around me while glaring at Mikey and Freddy.

"My-My cookies burned and Freddy laughed" I cried clutching his shirt. I have no idea why I was so upset but I was. "It's okay. We'll make a new batch" I cried even harder, "No! I want to use those cookies" I wailed harder and Jason freaked out, "Okay okay you can finish those cookies and Freddy will test them out" He said.

Freddy's eyes turned wide and I smirked evilly. "Really?"I asked "Really" He replied kissing my forehead and I grinned widely. I looked for the icing but couldn't find any so I used what I could.

I handed the 3 cookies to him. "Eat it" I ordered sitting on Jason's lap. He bit his lip and slowly picked up the cookie. He brought it to his mouth and bit it. I was laughing inwardly and he spit out the cookie, "Is that *mayonnaise*?!" He shouted. Tears built up again, "You

don't like it?"I asked my lower lip trembling. Jason gave him a warning look and he bit it and this time chewed and swallowed, "They're.....pretty....good" I grinned and he picked up the next one. He bit it and chewed on it. The crunching sound made me laugh mentally at him. "Mmmm, toofpaste icing" He said still chewing. "Yeah" I said grinning evilly at him. He picked up the last cookie and bit it. "Sour cweam?"He asked and I nodded. "Yummy right?"He nodded and I grinned widely and decided to get payback on Jason.

"Try one" I picked up the Mayo covered cookie and he shook his head, "No thanks" I pretended to be sad and looked down at my lap and started crying softly. "You don't....like my....cookie and.....hate me" I cried."No baby your cooking is perfect and so are you. I would and could never hate you" He took the cookie and ate it. "See?"He swallowed the cookie, "Delicious" I hugged him. "I put all my hard work in it,"I lied.

"Why don't you try one?"Freddy grinned evilly at me and I had a craving for sour cream all of a sudden. I ate the sour cream cookie and rubbed my tummy for the affect. "Delicious" I moaned at the taste of sour cream. They looked at me as if I were crazy. "What?"I asked looking at them,"Nothing" Freddy mumbled.I hopped down from Jason's lap and ran to our room because I needed to puke.

I threw up the black crumbs of the cookie and specks of white which were sour cream. "My tummy didn't agree with my taste buds" I groaned at Jason and he pulled my hair away. "I'm hungry" I crossed my arms.

"Okay, what do you wanna eat?"He asked. "Micky D's!" I yelled.He nodded and I brushed my teeth to get the disgusting taste of puke out of my mouth.

I ran downstairs and saw Jason.He was talking to Freddy with a serious face and when he saw me he grinned. "Ready?"He asked and I nodded while putting on my flip flops and running to the garage and inside the car. Jason chuckled at my excitement and drove to the nearest McDonalds.

When we got there I ran inside craving a burger. "I want a happy meal with a burger!"I squealed. He chuckled at me, and ordered. "You always order kid stuff" He explained. "Do not!" I retorted. "Oh really, you wanted chicken fingers with apple juice at the diner" I crossed my arms and stuck out my tongue. When the woman finally gave me my happy meal I devoured it but got a boring toy. I looked over and saw the other kid got a mini stuffed Nemo. I want Nemo.

"I want the Nemo toy" I pouted. Jason groaned, "Your toy is perfectly fine"

"No! I want the Nemo toy!"I cried while pushing him away. "I

want Nemo!" I shouted. Everyone turned to the sad teenager and her mate trying to calm her down. "Okay, I'll get you the Nemo toy" He went to the counter and came back with Nemo. "YAY! I FOUND NEMO!" I grabbed it and hugged him. "Jeez"Jason said.Jason drove back home and I was playing with the Nemo toy the whole time.

"Is that Nemo?"Freddy asked with a raised eyebrow and I nodded. I gasped realizing something, "Oh no Nemo needs water to breathe!"I ran to our large fish tank and let Nemo swim. Nemo fell to the bottom of the tank. I then cried because I killed Nemo. "Nemo died!"I cried.

I sobbed into my hands,"We gotta hide the body"I mummbled while grabbing Nemo and putting him in the trash. "You didn't see anything"I said narrowing my eyes at Freddy. He put his hands up in surrender and I grinned. Good. Everyone looked at me like I was crazy, "What?"I frowned at them. "Are you on drugs?"Freddy asked and I gasped, "No!"

"That's exactly what a person on drugs would say"He narrowed his eyes suspiciously and I rolled my eyes."Whatever. I'm not on drugs"I decided to go to sleep and ran upstairs. I went out like a light once I hit the pillow.

~4 Weeks Later~

Jason's POV

I finished writing the strategies and stacked them on my desk. My mate's behavior was weird, she was acting crazy and cried over everything. She was eating alot but she would end up throwing it up soon after.The doctor says she's sick and has been on bedrest for awhile.I sighed and rubbed my chin.

"Alpha we finished preparing the soldiers" Chester bowed to me and I nodded. "I want you to set up Cat's underground room"I ordered and he nodded. I decided to head home early and put down my wall so I could talk to my mate. She was blocking me out and I could feel her panic, shock, and sadness. I ran home and opened the door. I could hear her cries and she was curled up in a ball. I ran over to her, "What's wrong?"I asked.

"Jason...please don't leave me. I can't do it alone"She wrapped her arms around me and I had a feeling she wasn't letting go. "Baby I can't promise you that I will come back but if I die I know I did it to protect you because I love you"She cried even harder and held me closer. "Please"She begged."Baby why don't you get some rest"I picked her up and I could hear her sniffs and pleas for me not to leave. I lay her down on the bed and she stopped crying and fell asleep. I kissed her forehead and fell sleep also.

□□□

I woke up to see Cat rocking back in forth with her eyes closed

and she was humming to herself. She looked so beautiful. She had already taken a shower and she was dressed. She had a small smile on her face and I watched her like a creep. "Good Morning" I said sleepily and her attention turned to me. "Hi" She said in a soft voice. "You ok?"I asked and she nodded,"I feel better"We had already figured out Logan's plan was to send rouges to distract us and take Cat away.

I let out a growl and wrapped my arm around Cat. I pulled her closer, "Mine" I mummbled and she giggled nervously and began to bite her lip. "You sure your okay?"I asked. She opened her mouth to speak but the door to our room opened and Chester was panting, "It's happening" I quickly mindlinked Freddy and told him to gather the soldiers. I picked up Cat and ran her to the underground room. The rouge was in a croom and so was Cate, Mariah,and Shelby.

I put her in her specialized room,it was well packed and I kissed her forehead. "Kitten you know I love you more than anything in this world and everything I do is for you. You're my everything and I wouldn't even change a thing about you or our relationship.I love you so much baby" I wrapped her in my arms and kissed her on the lips. Tears fell from her eyes, "Jason please don't go"She whispered,"Baby I have too" I told her. "No...no you don't" She said. "Baby I have to protect you and my pack" I hugged her again and stepped out of the room."No Jason please don't go!"She sobbed. I knew if I stayed a moment longer I wouldn't be able to leave her.

"JASON YOU CANT GO! I LOVE YOU! JASON PLEASE! JASON....."

"I'm pregnant"

This Means War

~Chapter 26~

Jason's stopped in his tracks and I rubbed my stomach. I expected him to be angry and throw me to Grey eyes-Logan.He turned around and the only emotion was shock. "How long.....how long have you known?"He asked.

"Yesterday. I noticed I was gaining weight and took a couple tests. They were all positive so I started to cry because I was afraid you were going to leave me. I was going to tell you but I fell asleep. I woke up early and went to the pack doctor. I'm 4 weeks"I looked down as tears fell from my eyes.

I heard the door open and Jason wrapped his arm around me and the other lay on my stomach. "Kitten, I would never leave you" He whispered. "But....your leaving me now" I said. "Baby I can't promise anything because this is a life or death situation. I love you *and* our unborn child very much and I don't want you to think otherwise" He kissed me and then my stomach. He exited and that time I didn't call out to him. I just sat on the ground rubbing my stomach as tears fell from my eyes.

"Cat.....is it true?"Cate whispered. I nodded not talking and everyone was silent afterwards.

(/ω \ )

6 hours and no updates. I knew the war was on but I stayed in a cell locked from everything. I know he's only doing it to protect me and I won't want to be involved but at the same time I did. I heard screaming from upstairs but the voice sounded familiar. Like a little girl:Bella.I ran to the door to my prison "BELLA!" I yelled shaking the bars but they didn't budge.I heard crying and screaming and I saw red.

I felt something prick my bottom lip and my nails grew into claws. Something took over me and I broke the cell door off and ran at an inhuman speed towards Bella. "Cat stop!"Someone yelled I could hear people after me but I ignored them and ran upstairs. Bella was surrounded by rouges and I shook in anger. something else took over my body and energy ran throughout me. I ran and threw the rouge off guard.

He hit the wall and I snapped his neck I took out the rest and I felt like the burst of energy left me making me take control. I stared

at the rouge's dead bodies in horror.I started to get dragged away and Bella followed. They put her in the pack room and she was reunited with her family and I was brought back underground and put in a cell with Cate. "I....I'm a monster"I whispered thinking about the rouges' dead bodies. "No you aren't" Cate tried to comfort me but I pushed her away. "No.....I.....I killed them...." I said. "No.Your wolf was in control"Cate tried to calm me. "But I can't talk to her....or even shift"I explained. "That's because she's there but not all the way. You still have the opportunity to shift. Your a Lycan" I stayed in the corner crying like a baby.

Jason's POV

My wolf howled in excitement at the thought of my mate pregnant with our first pup. I was excited as well but parting from Cat and our pup was the hardest thing in my life. I headed outside and fought off about 10 rouges when I got a link that Cat escaped her cell and killed 10 rouges alone. I was furious at the fact that my soldiers *watched* instead of taking action. She could have gotten hurt and our pup could have as well. They said she didn't get hurt and she was in a cell with Cate.

Most of my men were severely injured but it would heal quickly. My wolf was slightly bloody but I would live. I ran over to the back where I heard Logan would cross and growled at the wolf. He froze in place and turned to me. I growled louder and he growled back.He knew I wanted blood and I wasn't going to stop until I got it. We both lunged at eachother at once and collided. My wolf overpowered his and I threw him to the side and bit down on his stomach. He snarled showing all of hit teeth and bit my hind leg.

That made me angrier and my wolf was trying to take over. I bit a chunk of his fur and he howled in pain. He tried to catch me off guard by going left then jumping right but I expected the cheap move and sidestepped it. I clawed at him until his wolf was bloody and bit down into his neck. He didn't even try to back down or even submit.That took me off guard and he kicked me off.

I growled at him and jumped on his back. He threw me off and my back slid against the ground. My wolf finally took over and so did his. I could see Red and I launched at Logan once again. I clamped my mouth on his neck and ripped it apart. He fell to the ground and took his last breaths. I continued to rip him apart piece by piece not wanting to stop until a gun ripped through the silence. I froze on the spot and turned around. A guy with red eyes had a gun in his hand. I looked down and my wolf forced me to shift. There was a silver bullet.....piercing through my heart.

My life flashed before my eyes and a smile made its way on my face with the memories of my mate. When I said Cat would be the

death of me, I never thought of it litteraly.

The death of a mate

~Chapter 27~

Cats POV

I rubbed my belly whispering to the baby, trying to calm myself down. "Luna" Someone said. I looked up and saw a bunch of bloody people. "Yeah?"

"It's over" The soldier said. "W-wheres Jason?"I whispered. My voice cracked a bit when I realized he wasn't there. "He...." Tears started to spill and I walked out of the cell. "Ryder....ummmm....a gun.....He was shot"The soldier said.

"Where is he?"I asked. "Pack hospital but no ones allowed-" I ran away and towards the hospital.I followed his old spice scent and saw the surgery room and slammed the door open,"Jason" I cried staring at his pale body with blood pouring out of his wound. "Luna, you aren't allowed in here" A doctor said.

"I don't care if I'm not allowed I'm going to be in here" I said in my Luna voice and they shut up. "Luna he might not make it. He needs blood" She said. Jason's heart was beating and his eyes were closed,"I'll do it" I said. "Luna he needs *Lycan* blood to live" The doctor said. "I am Lycan" The doctors gasped and turned to me. "Your just a human"

"You're supposed to be helping my mate not asking questions about my life dammit!Im half Lycan and half human" I used my Luna voice again on the poor people they turned to Jason and began working. Tears fell down my eyes as his heart beat slowed."Luna..." Someone grabbed my wrist and handed me a blade, "You can give him blood"She said.

What do I do? "Luna your wasting time"The doctor said. I put the blade on my wrist an the doctor put it against Jason's mouth. I could feel the blood leaving my body, . "Luna it's working!"I heard the heart monitor picked up as I felt blood flowing out of my body.

"Okay Luna, can you wait outside now?Please?"A doctor asked nervously. I nodded and exited the room and lay in the waiting room.

(□□□□□)ง

(I am feeling SUPER lazy.The rest is unedited)

Jason had been in a coma for a week. The doctors don't even know if he will wake up. The chances are low.

I stared at him as he lay there. "Jason"I grabbed his hand and held on tightly. "Jason please wake up." I whispered. I wiped away my tear and put his hand on my stomach. "That's daddy"I whispered to our baby. "Daddy's asleep but he should wake up soon"I assured the bundle of joy and grabbed Jason's hand again,"He's going to wake up" I was trying to assure myself more than anyone. I scooted in next to Jason and put a blanket over us and fell asleep.

"Luna,wake up" Someone whispered. I smacked their hand away. "What?"I asked not opening my eyes. "You need to sleep on a real bed. That looks uncomfortable."

"Uncomfortable my ass, I'm staying here until Jason wakes up and no one is saying otherwise." I growled in my Luna voice. "You shouldn't stay for long. It's bad for the baby"

"Out" I demanded in my Luna voice and I heard the sound of feet falter away and the door open and close. "Jason please don't leave me" I whispered kissing his cheek.

I put his hand on my stomach again. "Our baby needs us.*Both* of us. I can't do it alone. I can't.... "I whispered. I knew if Jason died I would go crazy. "Jason please wake up." Tears fell from my eyes and I cried hard. "Please Jason. I can't do this alone. I need you and our pup needs us. Please" I wailed. "Jason please" I cried harder while curling up and going into the bathroom. I cleaned up and went back to the room.Jason was looking around the room. "Jason...." I gasped running into his open arms and hugging him. "What's wrong Kitten?" He asked. "I thought you left me." I mumbled.

"I couldn't give up without a fight baby, I love you" I kissed him and he kissed back immediately,"I love you too" I whispered back. He rubbed my belly with his hand and I placed my hand over his.The door opened and a doctor came in. I instantly felt bad for yelling at them. "Alpha,your awake. L-Luna"He bowed to us and I smirked. "Alpha do you need us to check on your wounds?"He asked carefully, afraid I might explode.

"No thanks. I feel fine.You're dismissed" The doctor quickly left and I traced my finger along the scar on Jason's chest. "Why was the doctor afraid?"Jason asked. "I got mad at them....and might have.....
yelledatthembecauseyouweren'tawakeandIwasscaredtodeath "

He raised an eyebrow at me and I spoke slower, "I yelled at them because you weren't awake and I was scared to death" I felt a vibration noise and then heard Jason's chuckle. "It isn't funny"I pouted while crossing my arms and he kissed my forehead. "Of course darling"He lifted me and walked us out of the room. "Hey! I

can totally walk!"I scowled at him and he chuckled, "I like this *alot* better"I rolled my eyes but still enjoyed being in his arms.

I wrapped my arms around his neck and giggled as he brought me to our home and sat me on the counter in the kitchen. "Are you hungry?"He asked. "No. Just tired. My back hurts a little"He started to massage my back and oh my god his hands are so soft. Jason is sex on legs.

I moaned at the feeling and I relaxed. He picked me up afterwards and carried me to the bed. "Go to sleep" He whispered. I nodded and he kissed me, and then my stomach. "Goodnight baby, All my love"

Ring on the side

~Chapter 28~

Autumn poked my stomach and then she giggled. "It feels funny" Will poked my stomach to and I couldn't help but laugh.Cate's Mom, Autumn, and Will moved into the pack house a month after the attack. Normal wolf pregnancies for an Alpha is 3 to 4 months. For a Lycan and human is 5 months and rarely 4.The longer the months,the stronger the baby is.Since I have Lycan blood and so does Jason, the baby was expected to be 6 or 7 months but because of Jason's alpha blood it will be 7 months and very rare for it to be 8.

"Your going to have a niece or nephew" I told them.I still consider them my family, blood related or not I still love them with all my heart. Mom was very excited to be a grandma.Cate,Mariah,and Shelby are also pregnant.They are all expected to be 3 or 4 months.

"Oh! Cool! I wanna help!"Autumn squealed. Autumn also became fiends with Bella. Autumn and William go to the normal pack school because they are expected to shift. Cate only got the human gene from mom so she didn't shift.

"Of course you can. But it has to be after school" I told them and they nodded.The baby is developing fast and I already know the gender. I haven't told anyone and my doctor doesn't know the gender yet either. Bella ran to me, "Luna Cat Congratulations on the baby"

"Thank you Bella, make sure you don't tell anyone" She nodded and I hugged her again. No one knows I'm pregnant besides Bella, my real parents,Cate,Autumn,Will,Shelby,Mariah,Chester,Rick and my step mom as I call her."Cat!"My friends yelled. "I'm in the kitchen!"I yelled back. Mariah ran in along with Shelby and Cat and we hugged. It was a weird hug because of our baby bumps. Bella told me their genders as well.

"Come on, let's get your ass ready for that date" Cate pulled me out the door. "Frederick!"I yelled. Freddy also became my best friend as well and my guard. Shelby, Mariah, and Cate don't know it yet, but they will be the godmothers.Freddy got in the car and stuck out his tongue, "Yeah I'm still stuck with you" He whined. I rolled my eyes and he started to drive. A Lycan pregnancy is awful. I cry

over everything and I'm insane.It makes your emotions go crazy and it changes my actions.

"We're here" Freddy explained. We all got out with Freddy trailing behind. Mikey soon came and went on guard mode also. He still never cracked a smile and he's so boring and doesn't talk much. Jason and I were going out tonight and I needed a dress. He was acting nervous all week and I was afraid that something was wrong.

"Luna"Mikey bowed and I grinned. "Mikey" He frowned at the use of his name.The dress I bought was very pretty.It was pink and spaghetti strap. The top part was sparkly and the bottom was a lighter shade of pink than the top and flowed down to my feet. I bought matching heels with it and we bought a bunch more stuff afterwards. "Cat!"Mariah yelled pointing to McDonalds. We all have been craving McDonalds. I especially have been craving the happy meals. I practically ran over and ordered 5 happy meals. The toy I got was a boring car and so were the others. "Hot wheels!"Cate squealed grabbing one of my cars. I rolled my eyes and threw my trash away. Freddy was pretty much living shopping bags.

"I wanna go home" I whined. The girls nodded and we all went back to the Car while Freddy struggled to bring our bags to the truck. We got in and waited for him to get in. He shoved the bags in the trunk and we all shouted at him for not being careful.

When we got home I sat on the couch and waited for the girls to come.I felt and arm wrap around me and place on my stomach and I was being lifted in the air and sat on Jason's lap. "Hey Kitten" Jason's said turning me around and kissing my cheek. "Jasey!I got a dress for tonight!"I squealed."That's great baby" He told me and I grinned at him and he molded his lips with mine.

"EWWWW!"Cate said sticking out her tongue. "Hush Caitlyn! Like you haven't made out with Cole in front of us."I retorted and she giggled. "I know but his lips are hard to resist"

"TMI CATE!" Mariah shouted coming in with Rick following her. I laughed at them and Shelby,Chester,and Cole came in at once. "YAY everyone's here!"I clapped my hands like a little girl and Chester started the movie. I started crying halfway through Frozen."Her sister shouldn't do that. She needs to help her. It isn't fair" I sobbed onto Jason's shirt. "Prince Hans is mean. He shouldn't do that"I cried. Cate, Mariah, and Shelby were crying as well.

"It's okay" Jason whispered rubbing my back and belly at once. "I don't want to watch it anymore" I turned to face Jason and leaned into his chest and let sleep take me away.

(っ'▿')っ

They finally finished and I looked in the mirror. "Mwuah! Perfection" Cate said. "Awh!Thank you girls!"

"No problem sis, now go knock Jason off his feet!" I giggled at them and slowly walked downstairs. Jason was babying me during my first month of pregnancy and I had a feeling he was going to keep doing it until I gave birth to our Angel.Jason's eyes turned gold when he saw me and I smiled at him. "You look perfect" He told me. "Thank you kind sir"I linked my arm with his and he walked me to his car.

He was nervous and fidgety while driving. He would glance at me through the rear view mirror and then bite his lower lip. "Are you okay?"I asked. "Yeah, I'm fine" I knew he wasn't but didn't want to push any further because we reached our destination. It was the same resturaunt we went to on our first (and only)date.He helped me out of the car and I smiled greatfully at him. "Come on" We held hands as we entered and pack members filled the resturaunt.They all bowed in respect when they saw us and I smiled back. We sat in the same table we did last time and I grinned at the food that was set up. We finished eating and Jason was sweating a little.

He looked nervous as hell. "Jason what's bugging you?"I asked. "Nothing" He sighed. "Come on, let's dance" He helped me get up and we swayed gently to the music. It was the same ones we had on our first date.He kept getting nervous everytime each song ended and finally the last one played and he had wide eyes. He grabbed my hand and brought me up on the stage. What the hell is he doing?

"Kitten,when I first saw you nothing else in the world mattered.You were the only one on my mind all night and day,Everything about you is perfect.... I love your smile, your laugh, everything and I wouldn't change it for the world. Nothing else comes first and I couldn't be happier to call you my mate-" Music started to play,it sounded familiar but I couldn't quite put a name to it. "Catherine Samantha Daniels.....Will you Marry Me?"The music got louder and I realizes what it was:

Marry You by Bruno Mars.

He opened a small box with a beautiful ring in it,"YES! YES! YES! YES!YES YES!"I yelled jumping up and down which looked pretty stupid. Out of no a where, a bunch of balloons and confetti fell down and the pack members started to cheer. Jason picked me up and spun me in a circle. "I love you so much" He whispered. "I love you too" I wiped a tear and the pack members started to chant:"KISS! KISS! KISS! KISS! KISS! KISS!"Jason and I collided our lips and I closed my eyes to savor the moment. Everyone went into another round of cheers, claps and whistles and Jason rubbed my belly."Mommy and I are getting married" He said. I grinned and he kissed my stomach and then me again.

"So Mrs.soon-to-be Kingston..Would you do me the honor for this dance? " He asked pulling out his hand.

I grabbed his hand, "Hmmmm, Catherine Kingston. I like the sound of that"

The End.....for now

Authors Note

Last chapter of TAK!!!!! *cries* I made it. I decided that you guys are so awesomely amazing that I WILL be making a sequel!!!!

It will be more focused on the Jägers rather than Ryder and Logan. There will be more Tiffany, Melody, romance, sister power, and baby birthing in the next book!!!!!! *evil laugh*

Thanks so much for reading my book.I decided to let you guys pick names in the next update. I will let you guys pick a name for the baby, Cate's baby, Mariah's baby, and Shelby's.

Okay that's it<3

Sequel

There *will* be a sequel to this story but I need you guys to vote. Votes for a title, baby names, and ship names,etc.

You guys already know Cat's baby is a girl so I want you guys to vote for a name:

Kasey/Casey?
Callie/Kallie?
